HOW TO TAKE SWEDISH BITTERS

The Swedish Bitters shall only be taken in the absence of inflammatory symptoms.

Grown persons take one-tablespoonful three times per day, before or after meals, pure or diluted with water.

Persons under II years, two thirds of that quantit 15 sue-half "

Children from & years upwards, one eighth of that quantity.

Persons accustomed to chew tobacco, should abstain from it as much as possible, while using Swo-dish Bitters; they may substitute some flowers of chammomils or root of calamns, but then swallow the salvia, instead of splitting it away. In the same way smoking of tobacco should only moderat ticad.

Persons afflicted with dyspepsis must not est bot bread or cales, or fat or salt meats, but should take moderate exercise in free air voiding all sudden changes of temperature, all intemperance in eating and drinking, and all undue mental excitement, by which they will contribute largely to the effective Swedish Bitters.

N. B .- Should the Swediah Bitters not suit all tastes it may be taken with some sugar, or san be diluted with some sugar-water or syrup.
