#### HOW IT OPERATES.

The effect of the Swedish Bitters directs fiself, in the first place, to the nerves of the digestive organs throughout their entire extent, but mainly to the stomach and the viscoral tract. It normalises the functions, and therefore, according to the nature of existing irregularities or removes obstructions anretentions of all kind, or stops Diarrhoss, Dysenteror other anamolous discharges and efflovia. By regulating the abdominal organs, of which depend to nourishment, the conservation and the development of the human body-the Swedish Bitters invigorates the nerves and the vital powers, sharpons the serves and the intellect, removes the frembling of the limits the acidly, the burning, names, and pains of the stamuch, improves its digestive faculties, and is so e-cellent Prophylactic and remoty against terrows in tability, Fistulency, Cholie, Worms, Deepsy, &c. 15 taken in double doses, it operatorias a sure species.

but to a mild and painiess way. In consequence of these qualities of the Swelish

Bitters it has become one of the must celebrated return dies against diseases of the organs contained in the abdomen, and of affections that befall mankind to consequence of said diseases. Thus the Swadish Bir fers has an unsurpassed renown for curing Liver Complaints of long standing, Jaundlee, Dynamics, Disorders of the Spleen, of the Pancross, of the Mean raio Glands, and also disorders of the Kolmys, of the Urinary and Sexual-Organs. Bosides there the Somdish Bitters enros those innumerable nervots, or con-gestive affections and diseases, which originate from and abdomina disturbances, as:-Congestion of the Lungs, the Heart, and the Brains, Congits, Aschma, Headachs, Neuraigia, in different parts of the body Chloresis, Informal Hemoryhoids and Piles, Gent, Dropey, General Debility, Hypochondrians, Mean-choly, &r., Ar. Of great benefit the Swedish Bitters has also been found in the beginning of Gastric and

Intermittent Favora. But this is only one side of its inestimable power of protecting three who nee it regularly against all mi-asmatic and epidemic diseases. The Swedish Bitters has by long experience in many thousand cases main fained its great renown of being the most reliable

not like farming; and lecturers, editors, members of Congress, and petty lawyers mourn because so many young men go from the farm to the city. The best soil for gardening in Eng-land is described as a sandy loam with a reddish color. CEMENT FOB WOOD VESSELS.—A mix-ture of lime clay and oxide of iron, separately calcined and reduced to fine powder, then intimately mixed, kept in a close vessel, and mixed with the re-quisite quantity of water when used. This will render a vessel watertight if the ingredients are good. HICKORY-NUT CAKE.—One and a half cups of sugar, half cup of butter, two cups of flour, whites of four eggs, three-fourths of a cup of sweet milk, one tea-spoonful of soda, one cup of the meats of the hickory-nut. Bake in square tins.
