stain from it as much as possible, while using Swedish Bitters; they may substitute some flowers of chammomile or root of calamus, but then swallow the chammomile or root of calamia, but then available salvia, instead of spitting it away. In the same way smoking of tobacco should only moderately be prac-

bread or cakes, or fair or eait means, but should take moderate exercise in free air voiding all sudden chan-ges of temperature, all intemperance in eating and drinking, and all undue mental excitement, by which they will contribute largely to the effectiveness of the Swedish litters.

R may be taken with some sugar, or can be diluted with some sugar-water or syrup. Having sequired by purchase the recipe and the er

clusive right of preparing the Only Genuine Swedish Bitters, heretofore prepared by Eugene Schoening, late U. S. Army Surgeon, we have, in order to frustrate fraud and deception, the name of E. Schoening burnt into the giass of each bottle and the envelope around it marked by E. Schoening's and by our own name. Bottles without these marks are spurious. DENIEL & CO.,
