#### List of Senators and Members. SENTINEL & REPUBLICAN

#### MIFFLINTOWN. Wednesday, Nov'r 25, 1974.

B. F. SCHWEIER, KEITOR AND PROPRIETOR.

MR. JEFFERSON DAVIS, it is said, smiled-a thing he had not done for years-when he heard the result of the recent elections.

PRESIDENT GRANT has issued a proclamation reciting the treaty laws with Turkey and Egypt as to the right of Americans to hold property under the governments of those countries.

PHILADELPHIA has 20,000 people out of employment, and yet last week the number was still increased by a strike of weavers, ship carpenters and coal beavers, on account of a proposed reduction of wages.

THE Champion, published at Atchison, Kansas, computes the number of people in that State as destitute of subsistence for the coming winter, consequent on the drought and grasshoppers, at loast as many as fifteen thousand.

LUCY HOOPER, in her Paris letter of the 6th inst., to Forney's Press says that the fight for a return to simple styles of women's dress has been a hard one, but it has been won. The polipaise has totally disappeared. " Good serve dresses have taken their place."

THE New York World claims that the recent elections are a free trade victory, and that the new Congress that will assemble next March will have a majority of free trade members. If these declarations of the leading newspaper of the Democracy on the Atlantie const, is correct, how can the mistake of the people at the recent elections be estimated ! If it is correct, hard times have only begun to dawn.
