ing hair checked, and baldness often,

though not always, cured by its

use. Nothing can restore the hair

where the follicles are destroyed, or

the glands atrophied and decayed;

but such as remain can be saved by

this application, and stimulated into

activity, so that a new growth of

the hair with a pasty sediment, it

will keep it clean and vigorous. Its

occasional use will present the hair

from turning gray or falling off,

and consequently prevent baldness. The restoration of vitality it gives

to the scalp arrests and prevents

the formation of dandruff, which is

often so uncleanly and offensive.

Free from those deleterious sub-

stances which make some prepara-

tions dangerous, and injurious to the

hair, the Vigor can only benefit, but

not harm it. If wanted merely for

a HAIR DRESSING, nothing else

can be found so desirable. Contain-

long on the hair, giving it a rich,

glossy lustre, and a grateful perfume.
