For restoring to Gray Hair its

Medical.

natural Vitality and Color. A dressing which is at once agrees. ble, healthy, and effectual 300n To stores faded to its original

color, with the gloss and freshness of youth. Thin hair is thickened, fall-ing hair checked, and buldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed: but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sedlment, it will keep it clean and vigorous. Its occasional use will present the hair from turning gray or falling off, and consequently prevent baidness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for A HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and vet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
