Seem inspiration from above. In childhood's hour, beside the chair, She calls each fragile form; She clasps our tiny hands in prayer, Safe-sheltered from the storm Yet man, uncrateful man, the dart Of falsehood nurls with skill ; And when he woes a woman's heart Her lot is to be tried; though pure.

To sigh, to suffer and endue. Oh, mothers of a race unborn, Tis yours to speak those grand decrees That herald in the Promised Morn. The waiting world's Hesperides. e are the mold of heroes strong Who guard and glorify our isles The ses in song shall roll along Beneath the spiendor of your smiles The beautiful and good shall reign. And sinless Eden bloom again.

MISCELLANY

Old Amsterdam.

opened, and we followed the declining action, but, as a rule, combined with water until it reached the level of the tonics and liberal diet. If would be impossible to enumerate and we steamed on to the city.

It would be impossible to enumerate the various articles which are employed

life of the early morning. Market men and market women from the country, rying home with prayer-book or market basket. The town was alive with a the ages of forty and sixty were seldom population which a few hours later attacked by it. The nature of the mais become so by improvement for

sides are prodded with boat-hooks from are prevalent. The disease might also one of the finest cows was very sick, here and from there, and it slowly floats on its out from the crowd and starts on its gases. The symptoms manifested way "sans mot dire;" turf boats were themselves in the patient by a distinct floating into the Dow Pak footing into the Dow Pak f sails and lowering their masts; cargoes or three hours, followed by a pain in of cabbages were being tossed, one by the side of several hours' duration, acshore; here the clatter of knives and cough, and rapid respiration, and hem-forks was heard through low back win-orrhage. The possible danger of death dow and cabin-hatch, and here the was to be apprehended between the vronw was washing up the breakfast things in a slat-floored kitchen sink hanging from the taffrail; strangelooking people were doing strange-looking things throughout all the looking fleet, and all with the air of its being in no wise unusual or peculiar. On shore, a street vender was attracting custom with a watchman's rattle; men were hoisting baskets of turf to the cellar, at the top of a £10,000,000 worth in diamonds, etc. peculiar. On shore, a street vender of turf to the cellar, at the top of a £10,000,000 worth in diamonds, etc. high house gable; women and children of the fact; but the young general rewere going from a basement with the of the fact; but the young general reneatly painted iron buckets, each having a kettle of boiling water at the top, and a lump of burning turf at the bottom at every quarter-hour, the carillon jingled from all the steeples. The giniops were already well patronized, for it seems a universal habit, in this moist northern climate, to take "een sneeuwballetje" of gin and sugar as a frequent prophylactic. At this early hour, and about the canals, the gilded heads and odd bonnets of the peasant women are more frequent than elsewhere, or later

True Recreation.

of a nation is to be found in its pro-verbs; and most of us have thought in ar schoolboy days that the seven sages of Greece united as friends in council could never have written a more sensible line than the familiar nursery axiom that "all work and no play makes Not less true is this of the man than of the boy. The bow of Achilles was not always bent, and relaxation from labor is a human necessity. The difficulty is how to find the requisite relaxation; for if the pleasure chosen be too like the daily labor, very little benefit will result How few of us really study the philosophy of amusement. There gram, stating that the party of that nais a well-known story of a waiter who took a holiday for the first time for twenty years, and spent the day in stating that the weather was cloudy. twenty years, and spent the day in assisting a brother of the napkin to lay the tables for a great dinner to take place the following evening. We have heard of London and country egram received here says that the surgeons wishing a heliday to arrange to look after each other's practices for and that the English and French were a fortnight or three weeks. Many literary men, after a hard day's work, will sit down for the evening over a chess-board. An actor "out of the bill" for a night is almost sure to visit a rival theatre; an artist will visit a friend's studio; and a clergyman away from home is certain to officiate in every pulpit within a reasonable distance of the place he has selected for this holiday sojourn. Now, all these men are guilty of the grossest folly. It is yery well, as a change of labor, and to prevent the mind running too a fortnight or three weeks. Many also, but gives no particulars. The literary men, after a hard day's work, real points at issue are left almost as and to prevent the mind running too reason to be supremely satisfied; while much in one groove, to vary the scene of the work, but this is distinctly not amusement; and even though the zest of novelty may cause it to be a genuine the best that is possible in 1882. enjoyment, it is by no means relaxa-tion: for it does not give rest, which relaxation.

The Treatment of Pneumonia The recent deaths from pneumoni

We take the following description of Amsterdam from Col. Waring's first article of his series, "A Farmer's Vacation," which begins in Seribner for pril:

It is one of the peculiarities of Hol
disease and insure a successful removal the same area of land as 150 of the latter, we have as much solid nutriment

So Natural the evidential treatment is in a smoke house in which it remains dry, without floating into the Dam Rak, furling their chill, lasting from half an hour to two one, from men in boats to men on companied by a high fever, hacking

Celebrated Robberies.

Jehan Valter, a French journalist, he got there. In time he did manage to seize on the church, and found that all -going home to make the morning tea; the diamonds had been replaced by at every quarter-hour, the carillon glass. M. Valter also tells how the mother of the late French Emperor, the Queen Hortense, when she was leaving France after the invasion by the allies, was stopped on the highroad by the Marquis de Maubreuil, who searched her carriage and took away £20,000 worth of diamonds, which have never since been heard of. This story is all the more remarkable as there was a great fuss made about this Marquis de Manbreuil toward the close of the second empire. He had a lawsuit with his wife, and an outery was raised against the Marquis continuing a member of It has been said that half the wisdom that he was one of the royalists who had aided the Prussians to pull down the statue of Napoleon from the top of the column of Vendome, and that while en-gaged in this act he had tied an order of the Legion of Honor to the tail of his horse and dragged it in the mud. Yet toward the end of the reign of the Yet toward the end of the reign of the and was in receipt of a government

The Transit of Venus The bits of news that come to rom Kerguelen's Island are tantalizing. First there was the German tele-

CULTIVATION OF ROOTS, GRAIN AND

It is one of the peculiarities of Holland that we go down into it from the sea, and the further in we go the deeper down we get. The metropolis lies on a river or estuary called (for short) the IJ. Into this we entered through a ponderous granite-built lock—one of an assorted series, of various sizes, adjusted to vessels of larger or smaller of the inflammatory deposit. And all the blood withdrawn must be restored by subsequent vigorous supporting treatment. Following the method of depletion, various remedies supposed to have a sedative influence upon the nervous system, and to lessen the plasticity of the blood, were extensively used. Such treatment is still in a dimensions. After we had been shut into our compartment the valves were opened, and we followed the declining

A well known New York physician spart. This gives sufficient space be-says the disease is to a certain extent

ment was visible, and in a few hours the animal was in the pasture quietly eating grass. Another instance of equal success occurred with a young heifer which had become badly bloated relates, apropos of the robbery of the Dudley diamonds, several anecdotes about jewel robberies. He tells how a speculator presented a report to the rel. The old remedy-salaratus-was tried for correcting the acidity, but the attempt to put it down always caused coughing, and did little good. Half a teacupful of fresh powdered charcoal was given. In six hours all appearance of the bloat had gone, and the heifer was well.

THE BOLLER is a more valuable farm

eased and uncultivated trees, or gravel by them."

In BOILING potatoes for pigs, they should be strained, as the water from them is injurious to a less or greater degree, as it contains the poisonous alkaloid called solanine; which, it should be noted, is more abundant oyment, it is by no means relaxan: for it does not give rest, which people do what they please out the only occupation in should be noted, is more abundant which people do what they please out.

Life is a malady in which sleep soothes us every sixteen hours; it is a malady in which sleep when the tubers begin to chimp or bud soothes us every sixteen hours; it is and water will afterward take out the palliation; death is the remedy.

The Treatment of Parametric Color Type and the control of the part of the part

And here we were in Amsterdam—the mother of the "Nieuw Amsterdam" of Peter Stuyvesant and Wouter Van Twiller. The guide-books (to which the reader is respectfully referred) are fond of calling this town "the Venice of the North," which misleads the image of the North, which misleads the image of the North, which misleads the image of the North, which misleads the image of the North of the North, which misleads the image of the North of the North, which misleads the image of the North of the North, which misleads the image of the North of the North, which misleads the image of the North of the North, which misleads the image of the North of the North, which misleads the image of the North of the North of the North, which misleads the image of the North of the trouble and expense of harvesting the trouble and expense of harvesting and storing.

On the few acres that I now cultivate of amyl, has within the last few years obtained a remarkable importance, owing the banks of the Niagara River, I find the trouble and expense of harvesting and storing.

On the few acres that I now cultivate of amyl, has within the last few years obtained a remarkable importance, owing the banks of the Niagara River, I find the trouble and expense of harvesting and storing.

On the few acres that I now cultivate of amyl, has within the last few years obtained a remarkable importance, owing the banks of the Niagara River, I find the trouble and expense of harvesting and storing.

On the few acres that I now cultivate of amyl, has within the last few years obtained a remarkable importance, owing the banks of the Niagara River, I find the trouble and expense of harvesting and storing. same effect. With a view of diminishing the action of the heat and lessengination. Like Venice, it is built on piles. Erasmus speaks of its people living like birds perched on the tops of trees—and some of its obscurer narrow would use acconte, while another would allower we than on the perature, and rapid pulse, one physician would use acconte, while another would as eaconte, while another would persuance and some of its obscurer narrow would use acconte, while another would prescribe veratrum viride, or digitalis, all of which would subscreve the same the comming of the purpose. There is, however a general would use acconte, while another would prescribe veratrum viride, or digitalis, all of which would subscreve the same the purpose. There is, however a general viride of the body or at least control the destroy the dreamy charm of the body or at least control the destroy the dreamy charm of the waterway being between the center rows. Carriages and heavy drays are moving in the total condition, to restrict the inflammatory site to the warehouses which are to receive or to deliver their cargoes; but the city has a roar and hum that would at once destroy the dreamy charm of Venice.

There is warehouse which in a water and rapidity of the circulation, and made him feel and profitable to grow for for reliable and profitable to grow for for that the vapor, when inhaled, quick-tree field had profitable to grow for for soiling early in May, and as this is fed out, the winter wheat, then succession. In the meanwhile as much in the treatment of preumonia: to re-live the extreme exhaustive pain in the side; to reduce the temperature of the bod os. I also ent more of the body, or at least control the deside; to reduce the temperature of the body or at least control the deside; to reduce the temperature of the body or the pr the city has a roar and hum that would at once destroy the dreamy charm of Venice.

There is much in Amsterdam that is concentrated food and tonics, especially interested, but my present purpose is mainly connected with those of its features which seldom engage the attention of travelers. Hising at day-break, I strolled out to see the street break, I strolled out to see the street.

increase of the temperature of the intestines or to delay death. The inhala-tion of oxygen was equally powerless in cow, concluded that the trouble came from over eating, and ordered a teacupful of pulverized charcoal given in the stomach. Albumen made its water. It was mixed, and placed in a sppearance in the urine shortly after junk bottle, the head held upward, and the animal had been varnished. Whatthe water and the charcoal poured ever the substance used for coating the downward. In five minutes improve- animal, whether simply a gelatin, gum, or regular varnish, inflammation of the kidneys was the result sometimes accompanied by enlargement of the cell elements, and sometimes by their fatty degeneration.

ANIMAL ELECTRICITY.-George M. Mobray, the manufacturer who furnishes all the nitro-glycerine at Hoosac Tunnel, has recently published a pamphlet on "Tri-nitro-glycerine at the Hoosac Tunnel," in which appears the following statement, which will be found of equal interest to both engineers and physiologists. After defending his pet explosive from unjust charges, as to its dangerous qualities, The boller is a more valuable farm implement than formerly. Our improved farm machinery demands smooth surfaces on the fields. Then farmers have learned that better plowing can be done with a smooth surface comes to the last, which is armed with the plowing can be done with a smooth surface. than an uneven one, and good plowing means easy after-tillage and clean crops. The rollers are needed on the new meadow in the spring on the fields of spring grain after sowing, and quite likely on the planting ground. Rolling metal in moistened contact with the liquor until the next day, and likely on the planting ground. Rolling metal in moistened contact with the liquor until the next day, and likely on the planting ground. Bolling metal in moistened contact with the liquor until the next day, and metal in moistened contact with the liquor until the next day, and metal in moistened contact with the liquor until the next day, and metal in moistened contact with the liquor until the next day, and metal in moistened contact with the is so simple an operation that the com-mon log roller is about as good as the the moist walls of the tunnel."

may be effectually cured by close pruning the roots and by adding small quantities of well rotted manure around the roots. This treatment for not needed, and when going up the hill the discased parts of the pitying damsel said to him: "If the pitying damsel said to him: "If the pitying damsel said to him: "If the cowheel may be cut in square you feel any more such fits coming on, you had better come right here, where you infirmity is known, and we will take care of you."

WILD DUCKS,—After they are cleaned the pitying damsel said to him: "If the pitying damsel said to him: "If the pitying damsel said to him: "If you feel any more such fits coming on, you had better come right here, where your infirmity is known, and we will take care of you."
