

JUST AS OF OLD.

I saw my love in dreams last night... I found a headstone gray with years.

A LADY TOURIST'S

Three Months in Europe with Professor Loomis.

COLOGNE, July 14, 1875. "Forty Americans! only look at them!"

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

From the hotel to the hotel there seemed to be two continuous rows of smiling Belgians.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

Who did the most staring it would be difficult to say, for to many of us every thing was new and quaint.

AGRICULTURAL.

Feeding Horses with Biotin in their Mouths. Mr. E. R. Middlebrook, veterinary surgeon...

The Modern House. The nineteenth century house, however, has no special reply to a communication from the president of the society...

Intelligence in Cattle and Horses. M. Pety, a French veterinary surgeon, draws attention to the liability of horses and cattle suffering from indigestion...

The Ant-Eater Family. The ant-eater is a remarkable animal of the old genus myrmecophaga, and of the order of toothless order.

How to Cool a Room. A writer in Public Health recommends that a dish of water be placed in a room...
