If there is one thing more than another for which these Pills are so tamous, it is their purifying properties, especially their power of cleansing the blood from all im-purities, and removing dangerous and sus-pended secretions. Never let the bowels be either confined of unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake, however; for these Pills will immediately con rect the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however ieranged,-health and strength following as a matter of course. The appetite, too, is wonderfully increased by the use of these Pills, combined in the use of solid in pref-erence to fluid diet. Animal food is better than broths and stews. By removing acrid, fermented, or other impure humors from the liver, stomach or blood, the cause of dysentery, diarrhoea, and other bowel com-plaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly us this fine correcting medicine.
