Orrice on bridge street, first door west of the Belford building.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly: for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a tew days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as sail is forced into meal. This will cause the malignant humors to be drained off from round about the wound, sore, or ulcer, and when these humors are removed, the wound together is a folly: for should the wound and together is a folly: for should the wound a together is a folly: for should the wound a together is a folly: for should the wound and together is a folly: for should the wound a form in a tew days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as sail is forced into meal. This will cause the malignant humors to be drained off from round about the wound, sore, or ulcer, and when these humors are removed, the wounds and together is a folly: for should the south the skin unite, a boggy diseased condition remains underneath to break out with tenfold for year in the wound and to soothe the neighboring pa Bad Legs, Bad Breasts, Sores and Ulcerse water poultices applied over the affected parts, after the Ointment has been well rubbed in, will soothe and soften the same and greatly assist the cure. There is a de-acription of ulcer, sore and swelling which need not be named here, attendant upon the follies of youth, and for which this Ointment is organtly recommended as a sover-eign remedy. In caring such poisonous sores it never fails to restore the system to a healthy state if the Pills be taken accord-

Diphtheria, Ulcerated Sore Throat, and

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate and give im-mediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm. All sufferers from these complaints should envelope the throat at bedtime in a large bread and water poultice after the Omtment has been well rubbed in it will greatly assist the cure of the throat and chest. To allay the fever and lessen the inflammation, eight or ten Pills should be taken night and morning. The ointment will produce perspiration, the grand essen-tial in all cases of favers, sore throats, or where there might be an eppression of the

Piles, Fistulas, Strictures.

The above class of complaints will be reworthy of confidence, and who has been associated with the Doctor as student and assistant two years and upwards. Those who call during Dr. Burlan's absence for from these direful complaints should not professional service, may, and will please lose a moment in arresting their progress, arrange the time with Mr. Kilmer when they It should be understood that it is not suffimay be served, on the return of the Dector. for a considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or would as effectually as though palpable to the eye. There again bread and water poul tices, after the rubbing in of the Ointment will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

> Indiscretions of Youth; Sores and Ulcers. Blotches, as also swellings, can, with curtainty, be radically cured if the Ointment be used freely, and the Pills taken night and morning, as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to insure a lasting care.

Dropsical Swellings, Paralysis, and Stiff

Although the above complaints differ all require local treatment. Many of the worst cases, of such diseases, will yield in HENRY HARSHBERGER, M. D., a comparatively short space of time when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Continues the practice of Medicine and Surgery and all their collateral branches.

Office at his residence in McAlisterville.

Office at his residence in McAlisterville.

Both the Outment and Pill's should be used

in the following cases: Gout, Glandular Swellings, Bad Legs. Bad Breasts, Lumnage, Piles. Bunnous, Bite of Moseh-ton Sand-Flies, Scalds. Coco-bay, Chiego-foot, Chilblains, Sore Throats. Chapped Hands, Sore Heads, Corns (soft), Contracted and Stiff

Ulcers.
