HOLLOWAY'S PILLS and Ointment.—Exercise your judgment—A new and better philosophy.—To fall down all about and scattered notions of disease and its cure; and to establish a rational system of its cure, has been the chief endeavor of Dr. Holloway through life, hence the origin of his celebrated Pills and Ointment—remedies in keeping with common sense, because subservient to nature, rather than at variance with her laws like those in general use. To the stomach we trace dyspepsia, headach and general debility; to the liver, bile, jaundice, and yellow fever; to the bowels, diarrhoea, dysentery, constipation, piles; and to the lungs, consumption, &c.; to the blood, scurvy, skin diseases, and all cutaneous eruptions. By keeping these organs and the vital fluid pure and healthy we may safely defy the attacks of disease, and no medicine yet prepared for this purpose can equal the action of these Pills and Ointment. They are the seat of the disorder, and by expiating its cause, destroy its effect. 100
