Secretary of State, Hon. M. S. Quay, on the Insinuating Charges of Mr. Gowen.

An inquiry by a citizen of March Creek, relative to the insinuating charges of Mr. Gowen against Governor Hartranft's Administration, is made of Hon. M. S. Quay, as follows:

Hon. M. S. Quay—Sir: You have doubtless seen the outrageous charges made against you, and the administration, of corrupt means used in last year's election. The charges are so gross, and coming from (it is alleged) a convicted felon, they would hardly be worth while answering; but as they have taken some root, and responsible persons have seen fit to give credence and publicity to the falsehood, it would be well for you to meet it by proclamation, or by public denial by stating facts.

Yours, &c., Wm. LILLY, March Creek, August 23, 1876.

And is answered by Mr. Quay, thus: BEAVER, Pa., Aug. 25, 1876—Dear Sir: I am in receipt of your letter of 23d instant, in reference to certain charges made against me and the administration, of corrupt means used in last year's election. You allude, I presume, to an extract from the argument of Hon. F. B. Gowen, in the case of Munley, recently tried in the city and terminated by Schuykill county, which has been extensively quoted by the Democratic press.

It is pointed with a specific charge of the purchase of certain Democratic leaders of Schuykill for a given sum of money. Mr. Gowen's statement is as follows: "I have received information of meetings between some of the highest officers of the State and the chief of the murderers, at which large sums of money were paid to secure the votes of this infernal association to turn the tide of a State election."

The newspaper interpretation of the report, that I paid John Kobow, John J. Slattery and Bernard Dool, officers of the organization commonly known as Mollie Maguire's, twenty-three hundred dollars for the votes of that organization at the last election. If by "some of the highest officers of the State," Mr. Gowen here intends, myself, or any other officer of Gov. Hartranft's administration, his information is false. As to the newspaper comment it is, perhaps, sufficient to say that I have never, in any way, acted as a party dodger.

My name acting for me or with my knowledge ever paid to the persons named, or any other of them, any sum of money to secure the votes of any organization with which they may be connected, or for any other purpose whatsoever.

The charges are out of the "whole cloth" and wickedly false—no foundation whatever for them so far as I, or this department, or the State administration, is concerned. I am at a loss to see why or how we should be dragged into them, except as a party dodge.

Address to Colored Voters.

Mr. S. A. Neale, of Allegheny, Pa., at the meeting of the State Equal Rights League recently held in Philadelphia, delivered the following interesting address to the colored voters of Pennsylvania and the nation:

FELLOW-CITIZENS: In times of old, when ignorance reigned, and men forgot their sufferings—bitter pangs of hunger—the heart-crushing agonies of outrage and death—then, in the golden conflict of those longed-for times of the King of Demons—when there was no trace of God, for every day was decorated by the carnival of crime—in those sad days when the world was dark with sin, and the face of the Eternal God seemed turned away from the world, wherein His Only Son, Jesus Christ, had made the great Atonement, there came a period when the tide of oppression was rolled back; as when the Barons, with their loyal vassals and freed serfs at Bunbury, wrested from King John the Magna Carta of English rights. As it was a hundred years before the rights thus wrested were secured by statutory enactments, so we find history repeating itself for the Republic, like Barons at Bunbury, with the great abridgment of our rights from the south the Magna Carta of Rights that released our race from a slavery more dehumanizing than any system of bondage that ever cursed this earth.

THE HAIR RESTORER. LIFE, GROWTH, BEAUTY. London Hair Color Restorer. Not a Dye; makes harsh hair soft and silky; cleanses the scalp from all impurities, causing the hair to grow where it has fallen out or become thin. Can be applied by the hand, as it does not stain the skin or soil the finest linen. As a Hair Dressing it is the most perfect the world has ever produced. The hair is renewed and strengthened, and natural color restored without the application of mineral substances.

Since the introduction of this truly valuable preparation into this country, it has been the wonder and admiration of all classes, and as it has proved to be the only article that will absolutely, without exception, restore gray hair to its original color, health, softness, lustre and beauty, and prevent the hair from falling out, it is the most valuable and perfect article in the world. This beautiful and fragrant perfume article is complete within itself, no washing or preparation before or after its use, or a continuance of any kind being required to obtain these desirable results. HERE IS THE PROOF OF ITS SUPERIOR EXCELLENCE. Read this Home Certificate, testified to by Edward B. Garrison, one of the most eminent Druggists and Chemists of Philadelphia, a man whose veracity you can doubt. I am happy to add my testimony to the great value of the "London Hair Color Restorer," which restored my hair to its original color, and the hue appears to be permanent. I am satisfied that this preparation is nothing like a dye, but operates upon the secretions. It is also a beautiful hair dressing and promotes the growth. I purchased the first bottle from Edward B. Garrison, and I have since used it with success. I can also testify my hair was quite gray when I commenced its use. No. 730 North Second Street, Philadelphia
