HEALTH AND ITS PLEASURES PUBLIC SALE!

Disease with its Agonies: CHOOSE BETWEEN THEM.

### The following valuable farm in Milford township, Juniata county, containing HOLLOWAY'S PILLS

Nervous Disorders.

WHAT is more fearful than a breaking down of the nervous system? To be citable or nervotis in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee, weak tea being preferable; get all the fresh air you can a take three or our Pills every night; cat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and torget you have any nerves.

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all im-purities, and removing dangerous and suspended secretions. Universally adopted as the one grand remedy for female complaints, they never tail, never weaken the system, and always bring about what is required

Sick Headaches and Want of Appetite. These feelings which so sadden as, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating or drinking what is unfit for us, thus disordering the liver and stomach These organa must be regulated if you wish to Se well. The Pills, if taken according to the printed instructions, will quickly restore a healthe action to both liver and stomach, whence tollow, as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

Never let the bowels be either confined of unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake, how-ever; for these Pills will immediately corin room on second story of R. E. Parker's rect the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which in all cases gives tone and vigor to the whole organic system, however deranged,—health and strength following as a matter of course. The appetite, too, is wonderfully increased by the use of these Pills, combined in the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acrid, PERSONS buying goods can have them fermented, or other impare hamors from the liver, stomach or blood, the cause of dysentery, diarrheea, and other bowel complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

## Disorders of the Kidneys

In all diseases affecting these organs, whether they secrete too much or too hule water; or whether they be afficted with stone or gravel, or with aches and point settled in the loins over the regions of the kidneys, these Pills should be taken ac-Ointments should be well subbed into the small of the back at bedtime. This treat-Collecting and Conveyancing promptattended to.
