Thievish Beavers. York county beavers are sagacious

ing, and her soul trembling on the "ragged edge" of impurity. I suppose that spirits have "rushed together at the touching of the lips" time out of mind; only it has not always been considered decent to put all the details into sidered decent to put all the details into put all the details into put all the details into point. Kissing was all right, consule plance, but talking about it was vulgar.

Social Pictures.

We are all more or less familiar with ing made money or succeeded to its gravel clause, in my experiments, found that a gravel drain, norm of making from the size of a kernel of wheat to that or aspired which shows appeared to get the possession, mix in polite society, and aspire to the grave and polish which aspire to the grave a of the pond, where a small black object gliding over the surface of the water attracted his attention. Closer inspection revealed a huge beaver swimming off with the camp kettle in his mouth. The disgusted trapper slowly left the fated spot, minus axe, kettle and a good dinner carried off by the beavers. Whether the beavers sunk the axe in the middle of the pond or conveyed it to a place of safety is, of course, unknown; but from the method of their operations he firmly believes that they made sure of the axe first, knowing that it was the instrument with which he designed destroying their homes. The kettle, which seemed the more harmless and inoffensive weapon, they left till the last .- | St.

Jones says that the white flannel suit he bought a year ago has proved a very economical investment, and has been of much use in his family. Jones weighs 250 pounds, and when he bought if it fitted him remarkably well. After the harmonize best with walls, furniture, etc.—Green paper will do, which must be pasted smoothly on, with the edges and a brow on which candor had set its.

HE HAD just wedded a little angel first washing, his eldest son, who with a musical voice, limpid blue eyes, weighs a hundred pounds less than be pasted smoothly on, with the edges and a brow on which candor had set its. lands only on the other side of the Gulf stream, with their brilliant and splendid summer weather and their world of whom it was truly said at the who are comparatively so near them, who are comparatively so near them,

The wine includes the most agreeable and efficient salt of Iron we possess; Cirrate of Magnetic Oxide, combined with the most energetic of vegetable tonics-Yellow Peruvian Bark.

The effect in many cases of debility, loss of appetite, and general prostration, of an efficient Salt of Iron combined with our valuable Nerve, is most happy. It angments the appetite, raises the pulse, takes off muscular flabbiness, removes the paller of debility, and gives a florid vigor to the countenance. Do you want something to strengthen you?

Do you want a good appetite? Do you want to build up your constitution? Do you want to feel well? Do you want to get rid of nervousness? Do you want energy? you want to sleep well? Do you want brisk and vigorous feelings? If you do, try Kunkel's Wine of Iron.

This truly valuable tonic has been so thoroughly tested by all classes of the com-

munity, that it is now deemed indispensable as a Tonic medicine. It costs but little, purifies the blood and gives tone to the PENSIONS new for \$100, \$2 stomach, renovates the system and prolongs
