surely and effectually control them. The tes-Emony of our best citizens, of all classes, es-tablishes the fact, that CHERRY PROTORAL rill and does releave and cure the afflicting distributes of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Palmonary Organs visid to its power; and cases of Consumption, cure is this recognition, are sublicty known, so power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is alsequate, on which the public may rely for full protection. By curing Coughs, the forerumners of more serious disease, it agrees monunitated lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the carry and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incomplet, and too often fatal, if neglected. Temier lungs need this defence, and it is unwise to be without it. As a safeguard to claiden, sould the destressing diseases which heat the Throat and Chest of children, found the destressing diseases which beset the Throat and Chest of children, beginning to the property of the propert

recroant is invalinate; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts specifily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suiter troublesome Inducate and painful Bronchitts, when they know how easily they can be enough. Originally the product of long, laborious, and successful chemical investigation, no cost or tail is spaced in making every bottle in the atmost possible perfection. It may be could dently relied mon as passessing all the vir-tnes it has ever exhibited, and capable of

producing cures as memorable as the greatest it has ever effected. PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists.
