19 as follows: "Yesterday the annual observed in all countries where the Greek faith predominates. About 9.3. front of it. The services at the altar a snug fitting collar and no wounds. were long, and were interspersed with chants and the firing of artillery from the river at this stage of the proceedings, but this year this feat was not performed, an omission which I suppose will be attributed by the ecclesiastical authorities to the 'progress of Inodern infidelity.' After the sprinkling was completed the procession marched back to the cathedral.

## Social Customs in New Ireland.

The more we know of savage life all over the world, the more certain it appears that, so are from behaving like country. It is as easily produced as wheat or oats, and yields prolifically. Forty or fifty bushels per acre can be readily produced, and while it may not be a hardy plant it will stand considerable put some over it, and serve hot. It is across while tender, then drain nearly dry. It is as easily produced in water, and two teaspoonfuls of condersed milk, butter size of an hardy plant it will stand considerable put some over it, and serve hot. It is across while the condersed milk, butter size of an hardy plant it will stand considerable put some over it, and serve hot. It ered in every action of their daily lives trost, and our seasons will give ample to plant and mature a crop. A tew tions then ever was a courtier of the Grand Monarque. The chief end, indeed, of most of their social arrange- will return large profits, as it is now all imported and pays duty. Some enter-warm ments seems to be to make life irksome prising farmer can set an example and to the strong and prosperous, and well-

The most recently discovered population of savages, the cannibals of New tant work is to let off any water that actant water w Ireland, in the South Sens, are no exception to this rule. There is in New Ireland a custom which requires that a chief's daughter shall be kept in a cage within her father's house until her in troduction into society. The cage care is south of a south of the control of the care and the car scarcely gives her room to move, and she cannot leave it during any part of the day, though she is allowed to take for every farmer who permits it, a good

This sounds very bad : but the New Irish might, were one to animadvert too ral powers of lecomotion, and in more ways than one to hamper themselves with unnecessary wirework of their own devising .- Pull Mall Gazette.

WATER-CRESS CULTURE.-Whereve there is spring water running in open ditches or small brooks water-cress may be grown. The most favorable conditemperature. On a neighboring farm rises a strong spring, in which, some four or five years ago, water-cress seed was sown. Now there is a complete mat of plants, not near the sprin, only, but all along the stream for a mile or more, pieces of branches and roots having occasionally been torn off and carried down by the current to some quiet places where they took root. In the sheltered bays and nooks of this brook, when alvashed on, the plants seem to luxuriate the most.

Where similar conditions exist naturmargin of a brook, are to be made, con siderable labor may be required. If the land to be devoted to this culture does not contain enough gravel or coarse of that movement is productive of no sand, this element must be supplied bethe land is entirely and constantly overflowed all that is necessary is to cut off rooted branches of old plants and set them out in places where the water is about six inches deep, and to place a The mule, as an ungracious kicker, stone on each root to prevent it from stands without a respectable rival. But qui capart from this dealer's persistence consulted his at-antecedent probability, amounting as it does to absolute certainly if these "We must really do something to dismitted, we have the actual evidence of had I better make to him?" "Tell him the plants we can examine—that evidence proving incontestibly, as I have said the intendant with a laugh. The morning a telegram: "The vases are mine. I am on the road to your chateau, bringing with me the 60,000 francs." seem to differ in degree, from the idea of the imagined creatures on a fruit lacked precisely the pink shade. These lacked precisely the pink shade. These vases are just what he needs to complete his collection, and I have sold them to him for 80,000 francs."-Montreal Herald.

Public Flogging as a Punishment.

A very few years ago-perhaps four or five-garroting became a terror to the POND'S EXTRACT COMPANY, other- lucrative, easily accomplished, and not wise than wasted, for they would con- immediately dangerous. It could not be trifled with, and something had to be done. A "barbarous" whipping of the may be in suppossing the main purpose bare back was resorted to, and garrotof planetary existence is the support of ling subsided. The result was what the public wanted. Sentimental eyes may show their whites, horrified hands may or scorne that results from blast fur-nace work has always been a trouble-in sympathy with the discouraged gar-

the race of life, who but the other day held the relation of master and slave She is probably not indifferent to a good name, and her retention of the whip under all the sneers she receives question whether the human brain had is some evidence that she at least rebeen directly formed, and was con- gards it as still having a def nsible use.

-The Galaxy. E. F. Kunkel's Bitter Wine of Iron. Has never been known to fall in the are of weakness, attended with sympoms, indisposition of exertion, loss of memory, difficulty of breathing, general weakness, horror of disease, weak, ner-rous trembling, dreadful horror of leath, night sweats, cold feet, weakness, dimness of vision, languor, universal lassitude of the muscular system, enormous appetite, with dyspeptic system not hands, flushing of the body, dryness of the skin, pallid countenance and eruptions on the face, purifying the blood, heaviness of the eyelids, pain in the back, frequent black spots flying before the eyes with temporary suffusion and loss of sight; want of atten tion etc These symptoms all arise from a weakness, and to remedy that use E. F. Kunkel's Bitter Wine of Iron. It never fails. Thousands are now enjoying health who have used it. Get

Ask for Kunkel's Bitter Wine of Iron. This truely valuable tonic has been so thoroughly tested by all classes of the community, that it is now deemed Indispensable as a Tonic medicine. It costs but little, purifies the blood and gives tone to the stomach, renovates the system and prolongs life.

## NATURE'S REMEDY. VEGETINE THE GREAT BLOGG PURITIER Becommend it Heartily.

In the drawing room of the Marquis Durfort, at his chateau of La Feire POND'S EXTRACT.

The Universal Pain Extractor, Note: Ask for Pond's Extract. Take no other.

"Hear, for I will speak of excellent

"Hear, for I will speak of excitations, things."

POND'S EXTRACT—The great Vegetable

Pain Bestroyer. Has been in use over
thirty years, and for cleanliness and
prompt constitue virtues cannot be excelled.

CHILDREN. No family can afford to be
without Pend's Extract. Accidents,
Bruisses, Contusions, Cufs., Sprains,
are releved almost instantly by external
application. Fromptly relieves pains of
Burns, Scalds, Exceriations, Chafinus, Gid Sores, Boils, Felons,
forms, etc. Airests inflammation, reduces
swellings, stops bleeding, removes discoloration and heals rabilly.

Labies and it their best friend. It assunges
the pains to which they are peculiarly
subject—notably fullness and pressure in
the head, nausea, vertigo, &c. it promptly
amelicrates and permanently heals all kinds
of inflammatious and ulcerations.

HEMORE HOLDS or PILLS find in this
tine only immediate relief and ultimate cure.
No case, nowever chronic or ostinate can

the own immediate relief and ultimate cure.
No case, however chronic or obstinate can
long resist its regular use.
VARICUSE VEINS It is the only sure cure.
MIDNEY MADEASES. It has no equal for BLEEDING from any cause. For this it is a specific. It has saved hundreds of lives when an other remedies railed to arrest bleeding from mose, stomach, lungs, and elsewhere.

TOOTHACHE, Earache, Neuralgia and

and elsewhere.

OF HACHE, Earnche, Neuralgia and Rheamanths are all anke releved, and other permanently cured.

PHYSICIANS of all schools who are acquainted with Pond's Extract of Witch Hazel recommend it in their practice. We have retters of commendation from handreds of Physicians, many of whom order it for use in their own practice. In addition to the foregoing, they order its use for Swellings of all kinds Quilmy, Sore Throat, Infammed Tousils, simple and chronic Dimertors, Catarrh (or which it is a special, chilibiains, Frosted Feet, Stings of Insects, Busquitoes, Chapped Hannes, Face, and missed an manner of skin diseases.

Tollet USE Removes Soreness, Ecuptions and Primples. It resize, a sign size and release, while wonderfully improving the Complexion.

To FARNERS — rond's Extract. No Stock Recear, no livery Bain can altered to be without it. It is used by all the leading livery Stables, Street Hallroads and Brist Horsemen in New York City, it has no equal for Sprains, Harness or Saddie Chaffings, Suffness, Scratches, Swedings, Cuts, Lacerations, Bleedings, Phennona, Colte, Duarrhea, Chilis, Colds, &c. Its range of action is wide, and the relief it alroads is so prompt that it is invaluable in every Farm-yard as well as in every Farm-house. Let it be uried once, and you will never be without it.

CAUTION I Pond's Extract has been impacted. The genuine article has the words Pond's Extract blows in each bottle. It is prepared by the only persons living who ever knew how to prepare it properly, hense all other preparations of which lizzed. This is the only article used by Physiciana, and in the hospitals of this country and Europe.
