Ayer's Cherry Pectoral,

For Diseases of the Threat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

ern science, few are of many real value to mankind that this effectual rem-ely for all diseases

surely and effectually control tions timenty of one last catters, of all tablishes the fact, that other medicine. The most diagenous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cure by this proparation, are publicly known, or remarkable as hardly to be believed, wenther not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Cought, the forenments of more serious disease, it saves unnumbered lives and an amount of suffering not to be computed. It challenges trial, and convinces the most sception. Every finally about a keep it on hand as a protection against the early and unproceded attacks of Funorancy Attactions, which are easily met at first, but which become incurable, and too other fatal, if neglected. Tender lungs need him declence, and it is anytice to be without it. As a subguard to children, amid the distressing diseases which beset in Throat and Creat or children, leading and confidence of this highest of Partonax, is invaluable, for, by lift timely Partonax, is invaluable. PRETORAL is invaluable; for, by its timely thurblesome Influenza and priefal forma-chitis, when they know how easily they can
