PENN'A. R. R. TIME TABLE: On and after Monday, June 25th, 1877, passenger trains will leave Mifflin Station, P. R. R., as follows:

LOCAL INTELLIGENCE: In past days Tuscarora Seminary filled a place in the educational world for young ladies that caused citizens of Juniata county to contemplate it with pleasure.

New York has two Presbyterian churches which will open all summer. They owe the world an explanation. So says an exchange.

John Denibonco, of Huntington county, heard a peculiar noise under his window one night recently. He looked out of the window, fell to the ground and had his neck broken. He was seventy-five years old.

The Harrisburg Telegraph says: Christian Lyder, of Lower Paxton township, is eighty-one years old, and yet the old veteran moved a swath through an eleven-acre field of wheat the other day, and kept up with the younger men as he did it.

Presence of mind is a great thing. A Buffalo man beautifully illustrated this on the 4th of July, by climbing up a tree in his yard out of danger, leaving his mother-in-law to the fury of a mill-gang, which had come tearing over the fence with a sizzling Roman candle tied to its tail.

William A. Spangler, Esq., had a foot badly bruised while raking hay on his farm near Bloomfield, Perry county.

A Huntingdon paper says: The fine of \$500 imposed on C. A. Reese, the Huntingdon murderer, was remitted by Judge Dean for the reason that upon examination of the law on the subject he found that no penalty could be exacted under the circumstances.

Last Thursday, Franklin Milkken, a citizen of Tuscarora Valley, this county, while in the act of getting on a freight train of cars, at Huntington, was struck by a car in a train that came along on a side track.

On Wednesday evening a balloon, inflated by heated air, was put up in Patterson. It came across to this side of the river, and landed in an out-stand on Calvin North's farm, whence it was taken by its owners to Patterson, and on Thursday evening re-inflated.

Col. J. K. Robinson has had about 200 panels of post and rail fence put up on his farm in Millert township this season.

Rev. Mr. Berry and ex-Sheriff Loudon each enjoyed a dish of cabbage on the 4th of July that was raised in their own gardens.

The English revisers of the New Testament have carried their second revision to the latter part of the 7th chapter of Acts.

Miss Mary North picked up with her Sabbath-school class at Black Log station last Wednesday. The journey to the station was made in the cars.

A shocking boiler explosion took place in Lehigh county on Saturday, at a mine operated by the Lehigh Iron Company, where by three persons were instantly killed and five fatally wounded.

Organized Protection Against Tramps: The danger from tramps in Chester, Delaware and Montgomery counties, especially along the line of the Pennsylvania Railroad, has so greatly increased during the past few months as to require organized and united action against it.

As an exchange gives the following recipe: You can get rid of a wart by taking a stone. A horse chestnut or dried in the left pocket is equally effective. Or get an old piece of string and rub with it the objectionable excrescence, repeating in a soft and appealing voice the invocation: "Ananias monnikin, Barcelona bona strika, hare ware from a back, halioo balioo we waok." The wart will vanish.

The Cross and the Crescent: The American people are distant, yet most deeply interested spectators of the desperate struggle now in progress, between the Muscovite and the Turk.

There was a very steady market during the past week, and with a light run and a very fair supply, holders had no difficulty in realizing full prices.

JUDGE RHONE, of Luzerne county, in reviewing the account of a decedent's estate of \$582 82, of which \$139 75 were for funeral expenses, recently made the following sensible remarks regarding expensive funerals:

It is not necessary to have a pompous procession in great length, in which figures conspicuously waving plumes, the prancing liveried steed, harnessed to finely-upholstered vehicles—and a gilt-tipped silver plated caquet, in which is placed the cold clay, clothed with raiment as costly as the richest by-wore when living.

The American people are distant, yet most deeply interested spectators of the desperate struggle now in progress, between the Muscovite and the Turk.

There was a very steady market during the past week, and with a light run and a very fair supply, holders had no difficulty in realizing full prices.
