Health on a Sure Basis.

In order to establish health on a sure basis In order to establish health on a sure basis-the enfeebled system must acquire additional vigor. And yet, patent as this fact is, and widely known as it is, too many people ne-glect this vital point in the self treatment of disease, and physicians are very o ten equally remiss, resorting to the use of palliatives which affect symptoms only, and fail to ac-complish the cheef end in view, which is, or should be, invigoration. The main reason why Hostetter's Stomach Bitters are so suc-cessful in overcoming disease is that they imcessful in overcoming disease is that they impart vitality where it is deficient, and thus build up a superstructure for exhausted nature to recuperate upon. The Bitters also improve the appetite, soothe the nervous system when over-strained, and are a genial and agreeable medicinal stimulant, with a basis of pure spir-its holding in solution botanic elements of the greatest efficacy.

Causes of Sea Sickness.

Still another explanation of sen sickness places its immediate origin in the spinal cord. The advocates of this theory assert that the rising and sinking of a ship alternately relaxes and stretches the spinal cord, being closely connected by nerves with the stomach.
