in itself. It is the pipe that raises fourfifths of the mischief and all the dust. You may take down a stove pipe with was before. You find this out when cumstances combining most romantiyou are standing on a chair with your cally to carry out the purposes of arms full of stove pipe and your mouth heaven .- Detroit Free Press. full of soot. Your wife is standing on the floor in a position that enables her to see you, the pipe and the chair and your hats on her head, and your linen ture, be read with interest: coat on her back, and a pair of rubbers on her feet. There is about five cents' soon destroyed. worth of pot-black on her nose, and a lot of flour on her chin, and altogether will gain all you ask. she is a spectacle that would inspire a dead man with distrust. And while you are up there trying to circumvent the awful contrariness of the pipe, and telling that you know some fool has been mixing it, she stands safely on the floor and bombards you with such domestic mottoes as: "What's the use of swearing so!" "You know no one has touched that pipe." "You ain't got devoured by the bear, any more patience than a child," "Do be careful of that chair." And then she goes and reappears with an armful of it she has got that pipe so horribly clothes. mixed up that it does seem no two pipes are alike. You join the ends and work them to and fro, and to and fro again, and then you take them apart will complain that the linen is too and look at them. Then you spread one out and jam the other together, and mount them once more. But it is no go. You begin to think the pieces are inspired with life, and ache to kick them through the window. But she doesn't lose her patience. She goes around with that awful exasperating rigging on, with a length of pipe under each arm and a long-handled broom in her hand, and says she don't see how it is that some people never have any the luxuries of life, how many people from her charge at the ball-room, and Scribner. trouble in putting up a stove. Then are discontented solely from a habit of does not see her again until the twain you miss the hammer. You don't see comparing their lots with those of more depart from the house. it anywhere. You stare in the pipe, fortunate acquaintances! They do not and off to the floor. Your wife watches inquire what you are looking after; and them, they grow suddenly tired about on the back row. The daughter goes pocket. Then you feel as if you could back with which pedestrianism does approval, and at its conclusion she is go out door, and swear a hole twelve not agree. Woolen gowns would be immediately conducted back to her buildings, but she merely observes: "Why on earth don't you speak when you want anything, and not stare around like a dummy," When that part of the pipe which goes through the to school with him when he was a boy, remain in the same room, where the wall is up, she keeps it up with the had not moved into a stone-fronted young would be under the eye of the broom while you are making the connection, and stares at it with an intensity that is entirely uncalled for. All the

A Valuable Work.

The well-known advertising agents Messrs. S. M. Pettengill & Co., of this city, have just issued in a handsome form their "Newspaper Directory and Advertisers' Hand-Book" for 1877. It is without doubt the most valuable and trustworthy compilation of its kind published in this country, and a work which no advertiser or newspaper publisher should be without. No fewer than 8,571 newspapers or periodicals are described, showing the day and place of publication, character, publisher, circulation; in short, all that an advertiser requires to know recording advertiser requires to know regarding any medium published. Besides the general list there is a list of periodicals by counties, which must be valuable to those who desire to reach any particular section of the Continent, and tables of daily and procedure. of daily and weekly newspapers having a circulation of 5,000 copies or over, re-ligious, agricultural, and other class organs, Two or three striking portraits washed when much soiled, and a washing machine and wringer seem almost indispensable. Plenty of suds should be used, and a thorough rinsing be given. If they happen to hang through

the youth.

A DISTINGUISHED but not wealthy politician received a letter from a farmer, who claimed to be his cousin. "I've found our genealogical tree," a few at a time, in a coarse sleve, working them around with the hand until the seeds are loosened, when they will drop through, leaving the skins and pulp in the sieve. Drain the Juice off the seeds, and to every pound of skin, pulp, and juice allow half a pound of sugar. Put all into a preserving kettle and cook slowly for three quarters of an hour. When done put into hot jurs, cover with brandy paper and seal up.

Corn Cares.—Grate twelve large ears of young sweet corn, scraping off the cob with a knife all the milk and pulp

Mothers, Mothers, Mothers. Don't fail to procure MRS. WINSLOW'S SOOTHING SYRUP for all diseases of teeth-

For Bilious, Remittent and Intermittent Fever.

Or what is more commonly termed Fever and Ague, with pains in the joins and through the back, and indescribable chilly sensation down the spine, an irresistible disposition to yawn, pain in the eyes, which is increased by moving them, a blue tinge in the skin, and great listlessness and debility. Venettine is a safe and positive remedy. It is compounded exclusively from the juices of carefully selected barks and herbs, and so strongly concentrated that it.

VEGETINE.

works in the human system in perfect harmony with mature's laws, and while it is pleasant to the taste, genial to the stomach, and mild in its influence on the bowels, it is absolute in its action on disease, and is not a vile, nauseous litters, purging the invalid toto false hope that they are being cured. Vegetable a purely Vegetable Medicine, compounded upon scientific principes. It is indorsed by the best physicians where its virtues have been tested, is recommended only

My daughter has received great benefit from the use of VEOSTINE. Her decining health was a course of great anxiety to all of her friends. A few bottles of the VEOSTINE restored her beauth, strength, and appetuse N. H. TILDEN. Insurance and Real Estate Agent, No. 49 Sears Building, Boston, Mass.

VEGETINE. Police Testimony.

Beston, Nov. 18, 1575. H. R. STEVENS, ESQ.

their way. This was said to have been sounded with miles of bell ropes, and to have seemed absolutely bottomless.

"Zo" according to a well-known Devonshire humorist, "zay zet up a zteamengine andp ump un dry in dree hours."

—London Examiner.

Frozen Kindness.

This world is full of kindness that never was spoken, and that is not much better than no kindness at all. The fuel in the stove makes the room warm but there are great piles of fallen trees lying on the hills where nobody can get are any circumstances under which Veowinst can be used with injurious results; and it wil always afford me peasure to give any furthe information as to want I know of Veorities. WILLIAM B. HILL, Police Station 4.

VEGETINE Prepared by
