Medical Dyspepsia! Dyspepsia! Dyspepsia!

Dyspepsia is the most perplexing of all human ailments. Its symptoms are almost infinite in their variety, and the forlow and fancy themselves the prey, in turn of every known malady. Shis is due, in part, to the close sympathy which exists between the stomach and the brain, and in part also to the fact that any disturbance of the dises-tive function necessarily disorders the liver, the Bowels and the nervous system, and af-fects to some extent, the quality of the blood. DF Price, in a scaled envelope, only six ents. The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the [oc122-1f knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer; no matter what his condition may be, may cure himself cheaply, privately, and radically.
