Medical. Dyspepsia! Dyspepsia! Dyspepsia!

Dyspepsia is the most perplexing of all human ailments. Its symptoms are almost infinite in their variety, and the forlorn and despondent victims of the disease often fancy themselves the prey, in turn of every known malady. Shis is due, in part, to the close sympathy which exists between the stomach and the brain, and in part also to the fact that any disturbance of the diges-tive function necessarily disorders the liver, the bowels and the nervous system, and affects to some extent, the quality of the blood.
