Why He Wonldn't Marry Her.
"Marry her's by George! I would if it wasn't for her confounded nose."
"Nose! Ha, ha! What's the matter with her nose? Is it too short, too long, or crooked—which? You're too fastidious, young man. A woman may be a charming wife and have any one of these deformities."
"It isn't any of them, old fellow. The fact is I like kitty—like to look at her and talk with wo hooks. Different colored flies are used. Worms are not good to fish with, and are the poorest balt used. Grasshoppers and small fish are good bait. In sunshiny days and hot weather fish swim in deep water; in cloudy her to healthy action, and regulates the effect and the water. Of course the morning and the strong effects her more and estroying all offensive odor. To it mid, soothing and healing effects the most. Of the water. Of course the morning and the evening are the best. The hook hould be moving."

TRUTH IS MIGHTT!
