wishes nobody had thought of consult- the single fertilizing element must find ing) requested in that half-hoarse, halfof life, that they should put their cigars material in a form for farm practice, out, because smoking was offensive to him, and contrary to the by-laws.

The officers stared as though the carriage-lamp had uttered an observation heaps to supply. and then all four burst out into a roar of laughter.

"You will find it no laughing matter gentlemen, when you get to Farnboro, said the Etonian; "or, at all events, the

110th; "indeed, I have a great mind to drop you out of the window as we go

along."
"I will thank you for your name and address," returned the phenomenon, thermometer. When the cream is about 58 deg. F., the butter will invariably stiffly; here is my card at your service. Be so good as to name your friend." "Smith, of London," replied Pepperpot. "Only give me time to write to cans may be set near the fire before

my wife and family. What a bloodthirsty young creature it is!" 'He is very plucky," remarked Norman, of the kilts, approvingly; "I will ter for several years. The man who say that for him; but what cheek! what churns was at first prejudiced against it; now he will not be without it, and

"I am obliged to you for your good very naturally prefers using the theropinion," returned the little wonder, mometer to turning a churn three or within one minute your cigars are not all extinguished, I will appear against you as sure as I am a living man. My time is of no consequence, and I would as soon get out at Farnboro's as anywhere else; so you may be sure you will not escape. I feel it my duty to prosecute upon public ground."

How to Milk.—Some milkers selze the root of the teat between the thumb and forefinger, and then drag down until it slips out of their grasp. In this way the teat and udder are both often severely injured. The proper mode of milking is to take the teat in the entire hand, and after pressing it upward, so cate of the best autidotes to strychnia.

To Destroy Insects.—Hotalum water is a recent suggestion as an insectice. It will destroy red and black ants, cocking bags, and all the crawing best which lings thouses. Take two pounds of alum and dissolve it in three or tour quarts of boiling water; let it stand on the fire till the alum disappears; then apply it with a brush. cute upon public ground."

Once more did Pepperpot glance at milk reservoir above, to compress in the window, and even stretched his first at the base between the thumb and though he would have nipped him up between finger and thumb; but with a rueful look at his companion, he presently cast his beloved weed out of the and highly injurious. The cow should worth while to pay forty shillings each for a forty-five minutes' ride."

"That's right," observed the young gentleman, approvingly, returning his watch to his pocket, and reengaging himself in the columns of Bell's Life; "obedience to the law is one of the duties of the soldier."

A Farmer's Boors.—In past years, when a boy, I was often bothered to get a pair of cow-hide boots on in the ties of the soldier."

Conversation flagged atter this, for a sense of disgraceful defeat oppressed the spirits of my friends. They said a great number of severe things against the spirits of my friends. the common enemy; but he never lifted to this they have a little oil rubbed in before pulling on in the morning, it his eyes from the exciting details of the will assist in keeping the feet dry Champion Fight of the Light Weights, during the day. If boots are muddy which appeared to afford him intense they should be washed with soap sudthough tranquil satisfaction. When before being pulled off at night, and, if the soldiers got out at Farnboro's I observed his eyes twinkle with especial observed his eyes twinkle with especial in the morning. merriment; but I could not be certain that he was enjoying his victory until the train began to move again No sooner, however, had we left the platform, than the Etonian burst into such a series of fits of laughter that they actually rumpled his neckcloth. He markable story of the prowess of a hunbecame, in short, to my horror, a boy, ter, who, less known than Gordon Cumin one of its most ordinary and repulsive mings, rivalled him in courage and

More cows are ruined

But in 1873, a great financial panie swept over the length and breadth of the land. Merchants failed, banks suspended, capital was swallowed up, and the railway system had its full share in the general disaster. Many roads, more especially those of a local character, went into the hands of receivers, or into bankruptcy. The annual advance nitherto noticed, was at once checked, and the inquiry arose, what of the presant and the future?

It is not in the nature of the Amerian people, however, to succumb under difficulties. Revolutions never go backward. Gathering up the fragments that remained, they immediately girded up their loins for renewed efforts.
One great line of railway liberally aided by the Government, already spanned the continuous discount from the had been known as the continuous form the had been known as the continuous form the same entered to make his way in the "Durang's Rheumatic Remedy." the great form the sitting room to the pantry of his house, to deposit a bunch of rhubarb presented him by a parishioner, forgetting that house clean the "man eater." DOMESTIC.

BOILED RICE WITH SWEET SAUCE .-Wash the rice, throw into boiling water, and boil it with a pinch of salt in plenty of water. It should be done in about 20 minutes, and this will readily be ascertained by rubbing a grain between the fingers and thumb. If it crumbles, the fingers and thumb. If it crumbles, it is properly cooked. Drain the rice in a colander, pour over it a cup of cold water, put it back into the saucepan, let it stand a few minutes to dry, and serve. Sauce.—Mix a tablespoonful of flour quite smooth in 4 tablespoonsful of water; then stir into it half a pint of boiling water; sugar or syrup to taste; stir over the fire until the sauce boils, when, if allowed, an ounce of butter may be added, with a tablespoon of lemon juice. When sweetened with sugar, a little nutmeg or ground cinna-mon may be used, instead of lemon juice, if preferred. A tablespoonful of rasberry jam, or any fruit syrup, may be used to flavor the sauce, and is

Toner Soar.-Drippings, which ac cumulate in almost every household, can be used for the grease. They should first be boiled in water, and then left to

THE BLUES .- "Do you ever have the blues?" asks a sufferer from that malady, "and is there a cure for them?" "Ceralways work. We know one man who saddle. These are all dyspeptics. The same prescriptions, aided perhaps by lemon juice or diluted nitro-muriatic acid, often prove effective in the case bilious folk. When the cause is, as it often is, nervous exhaustion, a good remedy is cessation of all work, religious and secular, plenty of sleep, and, if the give it up." bathing. Always an ounce of prevention is worth a pound of cure, for it is not an easy task to fight off the blues.

KEEP BORAX IN THE HOUSE .- In the laundry it is economical, as it saves both Influenza.—Dr. D. H. Beckwith, in a paper published in the Cincinnati Medical Advance, says: "That theory which commends itself to my acceptance is that a deficiency of ozone in the atmosphere will compare the same of the labor and soap, and is really cheaper uses. For removing dandruff and cleansing the hair it is unequaled. It is also a good remedy for rough face and chapped hands. Its application to wounds, sores, bruises, sprains, etc., proves very salutary, and is often the only remedy required, even in severe

> and crevice in your closets, bedsteads, crevices in the floor of the skirting, or fellow and no gentleman?"

RESTORING TAINTED MEATS.-Tainted meat or game may be restored by wrapping it up closely in a fine linen cloth, then, after throwing a shovelful of live wood coals into a pail of water, put the meat or game in and let it remain under water five or ten minutes. This will remove all offensive smell, but it should be cooked at once.

SATURATE pails and tubs with glycerine and they will not shrink.

The Hambletonian stallion "Risingham," one of the finest bred horses in Orange county, New Jersey, was killed by his owner, Dr. J. A. Schultz, recently. This horse was 21 years old. An offer of \$7,000 was once refused for him. At two years of age he was considered the coming successor of Old Hambletonian his sire. 19 years ago, however, he the "man eater," He had killed three ing had commenced. HUMOROUS

WHEN Thomas drove up to a house or Elizabeth street, to deliver the usua quart of mixture, the gentleman of the ouse kindly inquired:
"Thomas, how many quarts of milk

do you deliver?"
"Ninety-one, sir."
"And how many cows have you?" "Nine, sir." The gentleman made some remarks

bout an early spring, close of the lastern war, and the state of the roads, and then asked:
'Say, Thomas, how much milk per

day do your cows average?"
"Seven quarts, sir."
"Ah-um," said the gentleman, as he
moved off. Thomas looked after him, cratched his head, and all at once grew sale, as he pulled out a short pencil and "Nine cows is nine, and I set seven quarts down under the cows and multi-

ply. That's sixty-three quarts of milk. I told him I sold ninety-one quarts per day. Sixty-three from ninety-one leaves and after a pull of two hours, with seas twenty-eight and none to carry. Now, where do I get the rest of the milk? 'll be hanged if I haven't given myself away to one of my best customers, by leaving a durned big cavity in these crew who had been clinging to the side figgers to be filled with water!" Cool .- A gentleman residing in

village, finding that the diminution of his wood-piles continued after his fires as he was about to give up, and was taken ashore. Nor was this the first were out, lay awake one night in order to obtain, if possible, some clew to the time that the brave young girl had ven-mystery. At an hour when all honest folks should be in bed, hearing an operator at work in the yard, he cau-tiously raised his chamber window, and saw a lazy neighbor endeavoring to get a large log into his wheelbarrow. "You're a pretty fellow," said the owner, "to come here and steal my wood while I sleep." "Yes," replied the thief, "and I suppose you would stay up there, and see me break my neck with lifting, before you'd offer to ested in the face and voice of a beautiful ome and help me.

INFANT DEPRAVITY .- A night or tw ago I called to a boy to come and black my boots; as he went to work he passed tainly," replies a physician, "plenty of my boots; as he went to work he passed them; just as there are for chills and the stump of a cigar he had in his fever, but in like manner they will not mouth to a little mite of an urchin, who didn't seem to be more than six years walks off an attack, another who rows old, but who seized the stump eagerly it off, another who rides it off in the saddle. These are all dyspeptics. The ventured to him the advice that he was respect and love. The young lady was placed under the best educational intoo young a boy to smoke, and that he should wait a few years; to which the youngster, who came about up to my Professor Benjamin Stillman of Yale knee, answered with the greatest calmness between the puffs, "Well, yer see, Who was born in Stratford, had when a feller gets the habit, it's hard to often heard the romantic story, but had

No BOOKS NECESSARY,-"My so you should rise with the sun," said the old gentleman, knocking at the door.
"Governor," mumbled a youthful
voice from under the bed clothes, "I fear you never studied the Copernican theory—the sun does not rise or other-wise move."

"Well, it don't need books to tell me that is true of my son!" replied the his native town. blunt paternal, turning away. And the young collegian concluded hat possibly "the old man" was naturally just about as smart as his boy.

"ARE you an engraver, sir?" asked a stranger of a gentleman whose office he

had entered.
"I am, sir," was the reply. "Well, then, I've got a mother-in-law -I wish you would in-grave her." He got an engraving of an earthquake on the back of his head before the man unlocked the door and let him out.

said Scottish laird to his servant, "to go pantry shelves, and the like. Brush and tell some people that I was a mean no' eatch me at the like o' that. I aye keep my thoughts to myself." "John," asked a doctor of the apothe-cary's boy, "did Mrs. Green get the medicine I ordered?" "I guess so,"

replied John, "for I saw crape on the door-knob this morning." "JENNY, what mases you such a bad girl?" "Well, mamma, God sent you

VEGETINE THE GREAT BLOOD PURITIES

A Michigan Grace Darling.

Lake Michigan has its Grace Darling,

and her father and brothers are as

brave and heroic as she is herself. San-

ford W. Morgan is keeper of the Life

Saving Station at Grand Point and

Sable, Michigan, and after the close of

navigation he allows the crew to go

away for the winter, but remains on

the ground with his daughter and his

sons. At daylight, on March 2d, dur-

ing one of the most violent gales of the season, with the sea so boisterous that

it was covered with foam, a fishing boat

was discovered about three miles of

shore in distress by Miss Edith. Quick-

ly giving the alarm to her father and

two brothers, she urged them to go

volunteering to take an oar herself to

assist the crew. It seemed as though a boat could not possibly live in the

mighty waves, but one was launched,

breaking over the small boat and threat-

ening its destruction and the loss of

those on board, they succeeded in reach-

ing the wreck, to find that one of the

of the vessel had become exhausted, and

letting go his hold had been drowned.

Another sailor, however, was rescued

A Pretty Romance

Many years ago a son of a Scotch

Lord, traveling in this country, hap-

pened to spend a Sunday in Stratford, Conn. Finding the hours of the day

long and weary, he dropped into the

church, and soon became more inter-

young lady in the choir than in the

preacher's sermon. The impression

made was a permanent one. On inquiry

he found that she belonged to a poor family, but was highly esteemed for

her noble personal qualities. He made

her acquaintance which ripened into

fluences and afterwards taken to Scot-

land as the wife of the young traveler.

College, who was born in Stratford, had

never learned the name of the Scotch

Lord. When he visited Scotland, he

met one day at a dinner-table Lord

A Manifest Absurdity.

It is manifestly a surd to claim for a mere

stimolant, tonic and alterative properties. Yet this is what is daily done by the vendors of cheap local bitters, colored to make them look

constipation and many other disorders.

A Gentle Hint.

appetite.

Sold by druggists. PRICE, ONE DOLLAR.

Of Ten Years' Growth CURED BY

DR. RADWAY'S REMEDIES

HAVE HAD AN OVARIAN TU-MOR IN THE OVARIES AND BOW. ELS FOR TEN YEARS. O

ANN ARBOR, Dec. 27, 1815 DR. RADWAY: That others may be benefited, I make this statement:
I have had an O ar an Tumor in the ovaries I make this statement:

I have had an O ar an Tumor in the ovaries and bowels for ten years. I tried the be t physicians of this place and others without any benefit, it was growing at such rapidity that I could not have lived much longer. A friend of mine induced me to try Kadway's Remedies. I had not much faith in them, but finally, after much deliberation. I tried them.

I feel deliberation, I tried them.

I feel decipt well, and my heart is full of gratitude to God for this beip in my deep affliction. To you, Sir, and your wonderful medicine, I feel decipt indebted, and my prayer is that it may be as much of a blessing to others as it has been to me. (Signed)

Mrs. Bibbins, who makes the above cer licate, at the person for whom I requested you to send medicine in June 1873. The medicines above stated were bought of me, with the exception of what was sent to her by you I may say that her statement is correct without a qualification.

Signed)

Druggist and Chemist, Ann Arbor, Mich.

This may certify tha Mrs. Bibbins, who makes the above certificate, is and has been for many years well known to us, and the facts therein stated are undoubtedly and undeniably correct. Any one who knows Mrs. Bibbins will believe her statement. (Signed)
