REPUBLICANISM.

An Unfinished Mission While the Present **Condition of Affairs Exists.**

These changes in the debt continued during the you who are in Congress and the Presidentia The assertion that the Republican party has ext three years, until the early part of 1869, hair only as our servants-to repudiate you ulfilled its mission presupposes that it was when the last of the fives had been placed. Up and your unconstitutional promise-to teach limited to destroying slavery and maintaining to that time the reduction in the amount of six you who are our servants, and you who are or the Union. These were merely the obstacles in er cents outstanding had been at the rate of a lunderers, a lesson that will last every one had to encounter and the duties it was called to undred millions a year, until from \$1,874,347,000 rou for all time to come. lischarge, in order to enable the Union to live 1809 there were only less than a thousan From "Hot Drops" No. 5, page and grow and expand according to its vast ca-Illions out in 1816. In the tall, after the abuo-"Now, the government has the absc ncities. Its real work began where this intr ant crops had been harvested and the country. power to create money of metal or paper and to luctory effort terminated. The south has still had begun to feel the impetus given to trade teclare it lawful money, as It did create and did to be restrained from interfering with the freed industry and agriculture by the Centennial Exdeclare the greenback paper money to b people. The power which brought peace out of bition, designed and carried through in the Therefore the government has no need to hire or war and freedom from slavery must now deface of the most strenutous Democratic oppo corrow even one dollar; therefore it has n lend both peace and freedom until they are sition. Secretary Sherman began measures for need to pay interest for the use of that is with he further cancellation of the debt by the finally established. The industries of the coun money it has the absolute right to create try must be maintained at such a pitch and so sue of four-and-a-halfs, which many men of This is the great principle we contend for, that forwarded that they can bear the ability and long experience had thought imours may be a perfect government. " burden of debt and grow in variety and volnaticable. Never had a loan been placed From "Hot Drops" No. 6. nne. This was the material purpose of the war in this country which bore so low a rate of in-But out of this National-Greenback party w and of all later effort. A beginning has been terest, and it was regarded as a bazardous exome a Congress, so to speak, of patriotic r periment to try to put this out at par. The made under unpropitious conditions. The beand these men will declare a platform and prin ginning would quickly wilt if consigned to the \$250,000,000 now out in place of its many six per tiples that shall have no uncertain sound, but rosts of tree trade, the terrors of unit sents, show what has been done by Republican paper money issues, the want of manufac management and assurances of honesty and aws for the creation of an absolute gr good faith. In a little more than a year and a half \$206,000,000 of these had been issued, and the ng and commercial energy, and a harm oney that shall be perpetual money of the levelopment of resources. In order, then, the United States and always a full legal tender o sooner was this issue exhausted, than the chieve what was the ultimate object of No sooner was this issue exhausted, than the Secretary began another experiment even more inaxarlous than the first. This was the effort to get out a four per cent. Ioan-something that cannot be done by half a dozen nations in the world. We said 'half a dozen nations.'' Eng-land, Holland and France alone can borrow money at four per cent. Interest, and yet such was the fame of the United States that millions a day have been offered to it at that rate of in-terest during the present year. This is a tri-umph of which any party or administration in the world may face the people, and challenge them to find a precedent for it anywhere-not even in France, of which we hear so much. THE CASE SUMMED UP. the payment of debts, one doltar of money al-Republican labor, the party must be always to pay one dollar of debt. Then the deowed to reduce the debt and its interest mand will be the payment of every Unite to that they will not oppress industry; to man States bond and claim against the general gov age the finances according to financial laws rument in this absolute money, thus foreve and perform such other service in this directly riping out the national debt. as is appropriate. The restoration and enlarge NO MORE HORROWING ment of our commerce is another unfulfil "Next in order will be the deciaration that th service. It is true that Republican action has Inited States government, having the power to placed a steamship line on the Pacific reate money, as it is needed to develop the brought Asia direct to us; that it has acco ustries of the United States, shall never mo

lished the same service with Europe and Se borrow a dollar, more or less, of any person, and Democrat's Opinion of the Salt That The other was the sound doctrine of a gold basis THE CASE SUMMED UP. America on the Atlantic. But as many keels of every man who owns a State, municipal or for the currency. We present these facts and consideration work. Yoo showd as how to bust capital-now When the debt was at its maximum, it was all in five and six per cents. Now \$738,619,-000 only bears interest at that rate, and be-fore the end of the year that sum will be reduced to less than seven hundred millthat it shall never more issue United State as the war destroyed are to be restored, and our infinite products, welcomed wherever rests that the world ever knew, which have reow that while the Democratic party has flour railway security; of every man who has a policy They abandoned both. They surrendered al bonds of any kind or class, into which money spose yoo kindly show us to git more, and hey aced the cost of a loaf of bread far below what iswald Ottendorier, of the New York Stants ished by the aid of foreign capital and foreign of insurance on his house, or his ship, or his principle, and withat were ignominiously life; of every widow or orphan whose bread is beaten, as they ought to have been. We do not they appear, must be scattered everywhere by a maritime revival in behalf of domestic

umbug a convention than the public The Democratic papers have forgotten all

about the fact that there was an election in Maine. That Greenback party that fought so bravely in September forgot the better part of alor, and did not live to fight another day.

The mortality among Democratic states een this year is positively frightful. Mr. Tiln dies of too much clpher, Mr. Thurman oo much "Ohio idea." Mr. Hendricks of too cal element strong enough to make beadway such Communism, and all the Massachumocrats of too much Butler

Senator Wallace began a speech the othe tay in this way: "There is something the mat er. What is it?"' In Ohio it seems to be a made the south a Democratic unit. Slavery a great slaughter of windmills; in Pennsylvania the south and foreign capital at New York we seems to be that the people begin to wake up and realize the danger that threatens.

he Democratic party was built up. In the na-The Brooklyn Eagle cannot discover why ture of things such a party could notbe expected John Kelly should hate Mr. Tilden, whose only to favor the growth of domestic industry, and i never did. From catering to an agricultu ime consists in his having been elected Presi population at the south, it passed naturally t ent of the United States. We rejoice at the emark. It shows that Mr. Tilden is charged efforts to make the farmers of the north. with one crime of which he really isn't guilty west believe their interests hostile to protectly int no sooner did the Republican party obtain

The Republican party believes in the en he power to enact a protective tariff than it di preement of law and the punishment of crimeso, and has firmly maintained that policy ever nat what a man honestly earns or becom ce. No sooner, however, had the war ende and with it the vast demand for money, the ossessed of he shall be protected in eployin bemocracy is the party of lawlessness, rioto the Democratic leaders renewed their attacks strations, repudiation; Greenbackism upon the protective tariff, mainly under the l ts side show of financial jugglery. fuence of the foreign oppital centralized in Net York. Every successive Congress since the

Senator Hendricks has done well, but he war has been agitated by Democratic efforts i wishing just now that he had drawn it a triffe modify or repeal the protective duties. CONTROLLING THE SOLID SOUTH stlifer on the currency question. Mr. Hendricks an read the mystic writing on the wall just as These did not gather much force until t well as any man in politics, and it says that i ith, and since that time the efforts at fre isso one of the signs out before both camps will trade have been open, undisguised, and debe, "No Greenbackers or Inflationists need ap ply.

A desperate effort is making by the Dem cratic journals of the oil regions to get som redit out of the passage of the Pipe-line bill. The record of the Senate shows that ten Reput cans and an equal number of Democra oled for the bill, but the record is by no means a favorite source of authority for Democrat ditors. They prefer to draw on their imagiation for facts.

The Republican party proposes that the ollar for which the mechanic and laboring man works shall be the best dollar in the worl bemocracy and Greenbackistn dectare that hall be a piece of paper the value of which shall change as often as the moon does, if not as often as the tides of the ocean rise and fail, subject to the caprice of gamblers and specula

Secretary Schurz states, and states or ittermost farthing in greenbacks, full legalectly, that one-fourth of the national debt has tender money, and ever after hold it at par een liquidated in thirteen years, or since the with gold, or any other material of which ammer of 1863. At the same rate of payment, ney is made. Do ithis, or we, the people he entire debt would be paid in 1917; but a will be compelled, in self-defence, to repudia he resources of the country are sure to inrease, we have no doubt of the debt being exinguished about the year 1967, when the thirty ears' four-per-cents, will fall due,

> Colonel Victor E. Piollett, State Master o the Pennsylvania Grangers, can take his place by the side of Rise-up William Allen, of Ohio. The latter declared that resumption of specie ayments was "d- barren ideality." Mr. lollett goes him one better, and says that the sertion that paper has no intrinsic value is "the fallacy of the age. " He regards it more valuable than silver or gold, because pails and ar-wheels are made of it, and houses built of

Whatever progress in industrial strength the Republic has made in the last seventeen years s attributable largely to the influence of a firm adherence to the protective tariff policy. During the most of the time, the Democratic party e duties, and has assalled a iled all the state men advocating those duties as corrupt, incom-petent, stapid and ignorant. In that period we ave had but two Democratic Congress oth of them have made desperate attempts to sholish protection and adjust the whole scale of nties so as to give encouragement and prefer ace to foreign goods over domestic. That party is now preparing for a renewed struggle at the naming session of Congress on the same subject.

he Republican party is responsible for the fall n coal, for the low price of iron, and the small well claim the credit for the most abundant har-

Accordingly the Tariff of 1846 was passed 1 every day life. In our present system a larg the casting vote of Vice President Dallas and sum of money is carried at all times on deposi signed by President Polk, both of whom, while without interest. When bills are presented from candidates for those offices, were heralded as the butcher, the baker or the candiestick-maker friends of the existing Tariff of 1842. So trans the man having money on deposit not drawing interest readily pays them, for there is no profit knowledge at the best, and either leavened with parent was this trick that even the war fever did not prevent the decisive defeat of the Dem to him in putting off his creditor. But once

cratic ticket at the Presidential election of 184 teach every man who has a surplus of ready money that he can deposit it with the govern During the subsequent Democratic nomina tions of Presidents Pierce and Ruchanan fo ment and draw interest thereon, and the inevil trade had full swing because there was no politi able tendency is to place it there and keep there as long as a creditor can be denied, avoided permanent gain in every department of ador evaded. The advantage in all branches o against the Democratic party. This was cause by the fact that the concentration of foreig

trade and labor of promptly paying small bills capital and commerce at New York had been not drawing interest, is incalculable. The inrmous, and was wholly on the Democra reconvertible bond would stop this at once, and side, while at the south the plantation oligarehy would array the avarice and cupidity of the had completely crushed the Whig element and moneyed class against it. The interest paid by
