## THE BEST REMEDY Diseases of the Throat and Langs.

est possible efficiency and uniformity of results, which enables physicians as well as invalids to use it with confidence. It is the most reliable remedy for diseases of the throat and lungs that science has produced. It strikes at the foundation of all palmonary diseases, affording prompt and certain relief, and is adapted to patients of any age or either sex. Being tients of any age or either sex. Being very palatable, the youngest children take it without difficulty. In the treat-ment of ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of Aven's Cherry Petrokal are magical, and multitudes are annually preserved from serious iliness by its timely and faithful use. It should be kept at hand in every house-hold, for the protection it affords in sud-den attacks. In Whooping-cough and

Consumption there is no other remedy so efficacious, soothing, and helpful. The marvellous cures which AYER's CHERRY PECTORAL has effected all over the world are a sufficient goaranty that it will continue to produce the best results. An impartial trial will convince the most sceptical of its wonderful curative powers,

as well as of its superiority over all other preparations for pulmonary complaints. Eminent physicians in all parts of the country, knowing its composition, recommend Aver's Cherry Prevorat to Invalids, and prescribe it in their practice. The test of half a century has proved its absolute certainty to cure all pulmonary aplaints not already beyond the reach
