Manhood: How Lost How Restored

B Dr. Calverwell's Colemand Essay

The celebrated author, in this admirable

Essay, clearly demonstrates, from a thirty

years' successful practice, that the alarte-

ing consequences of self-alasse may be int-icitly enrod without the dangerous use of

internal medicine or the application of the

knife; pointing out a mode of curs at onco

simple, certain, and efficient, by mean any which every sufferer, no matter what his

condition may be, may core blanchi cheap-ly, privately, and radically.
 This Lecture should be in the hands of every sputh and every man in the land.
