EMPLOYMENT FOR LADIES.

The Queen City Suspender Company, of Unclosed, are now manufacturing and in troducing their new Stocking Supporters for Ladies and Children, and their unequal-ed Skirl Suspenders for Ladies. None should be without them; our leading phy-sicians recommend them, and are lond in their praise. This manufacturing establishnt is managed by ladies, who have made the wants of ladies and children a study, and they ask us to refer them to some reliable and energetic lady to introduce them in this county, and we certainly think that an earnest solicitation in every house-hold would meet with a realy response, and that a determined woman could make a handsome salary and have the exclusive arency for this county. We advise some hely who is in need of employment to send a postal card to the company, with her and address, and mention this paper. Address Mrs. B. C.
