### Something About Sharks,

A gentleman residing in Stugerties, N. Y., who tollowed the sea in the recently from Penzance to Londonwhaling business for many years, says about five hours and a half. It is sugthe impression many people have that gested that they be taken by outwarda shark can bite a man's imboff or bite bound vessels and sent home with rehim in two is erroneous. The shark's ports of the weather. These reports testh are in layers or rows, and are might be of great service to mariners small, saw edged, thin and sharp as razors, but very brittle, so much so that the moment they bire on any hard sub-ice purities used by the process of freez-stance they break off, rendering it ut-ing is not based upon trustworthy ob-just below the basement ceiling and exterly impossible for them to bite a bone uservation. On the contrary, it is ut- tending up to the plates -the other half in two. Three of these rows of teeth erly wrong in principle to take ice for a are ordinarily in use, and whea broken are unturally replaced by those further back in the mouth growing out similar. to nalls in the human hand or form This gentleman also says that he has (or frozen) to the flaid state, possesses will keep up a circulation throughout seen hundreds of what is known as the gray shark, near the Society Islands in the South Pacific Ocean, and has known them to attack a whale in scores with a periodic terrible ferouty, ashing at and catching hold of the oars and keel of the boat with lightninglike rapidity and with such force as to throw the oursmen from their seats, and in several instances nearly throwing the boat steerer overboard. The north of the Virgin Islands, between oars and keel of the best when examined afterward were found fall of pieces over 2000 tathoms. be fast, yet it is undentably true that there are species of sharks which do and now, according to M. Henri de Parattack and seriously injure if not kill human beings. A gentleman of Kingston, N. Y., who as an officer in the navy has voyaged around the world, relates how, in Pensacola Harbor, he saw a "tiger shark" seize a man-who was one of the crew of the ship of which the gentleman was an officerand as quick as abought snap off his leg, and it was with difficulty the peror mane savor was rescued. It was s and has a man's life was worth to venture into the water at that point, as the "ligers," from fifteen to twenty feet long, were numerous and ferocious, and never besitated to attack a man who came within reach. A Fox Story.

A few days ago, Mr. Webster of Coble hill, New York, was plodding along after his plow, in deep meditation, when his attention was attracted to a large fox trotting between the two horses, Now, Webster never gets nervous nor acts upon the spur of the moment. In this case he coolly took in the situation, and carefully revolved the question in his mind of how to capture that fox. He soon had it. He would bury him alive. Suddenly striking the horses a smart blow, and is very fortunate; for it is a warning engineering the plow with a dou- to him on no account to accept a bill. ble-jointed twist, over went the fox and over the fox went a covering of earth. Nothing but the hind legs are not more widely distinct than the standard to the animal were visible, and these tonic, stimulant and alterative. Hestetlers of the animal were visible, and these

An Important Geological Fact.

Geology has shown us that nature accomplishes her greatest revolutions in the earth's surface conformation Every year the river makes its the grain remain on the cob antil planting time. Shell by hand, and reject a deeper gorge in the Alpine rock, and the ocean tide deposits the sand it has crumbled from the rocks upon which 14 breaks. We note the earthquake and the devastating hurricane; but these changes are so gradual men seldom observe them until the channel has become overhanging cliffs, or a mountain has disappeared before the lev stream, or the ocean has given us a Florida. Thus it is in disease. Our attention is attracted by acute diseases, as fevers, radish may be planted in any square cholera, etc., while chronic diseases corner, but the ground should be dug (often the most dangerous in result), being slow in their development, are seldom noticed until they have made an It should be the business of every one having a cold to treat it promptly and property until it is gotten nid of intelligent experience fortunately presenting a curative in Dr. Janne's Expectorant, their ugity adapted to remove specificial all Coughs and Cords allay any examing inflammanten of the Throat or Lungs, and remove the distressing symptoms of Astama or Vicurisy.

Pierce's Golden Medical Discovery and Pleasant Purgative Pellets are neverfalling remedies for these diseases. They produce a healthful secretion of bile, prevent indigestion by regulating the bowels, and impart a vigorous tone vicurisy.

AND

From the Honorable Thurlow Weed INDORSING DR. RADWAYS R. R. REMEDIES APTER USING THEM FOR SEVERAL YEARS.

DRAW SIR.—Having for several years used your medicines, doubtingly at first, but after experiencing their efficacy, with full confidence, it is no less a pleasure than a duty to thankmily acknowledge the advantage we have derived from them. The pills are resorted to as order as occasion requires, and always with the desired effect. The Ready Relier cannot be better described than it is by its name. We upply the limitment frequently and freely, almost invariably finding the promised "Relief."

Traly yours. (signed)

DR. RADWAY. THURLOW WEED.

#### R. R. R. RADWAY'S READY RELIEP CURES THE WORST PAINS

In from One to 20 Minutes. NOT ONE HOUR

after reading this advertisement need any one SUFFER WITH PAIN. Redway's Ready Relief is a Cure for EVERY PAIN. It was the first and is

The Only Pain Remedy that instantly stops the most excruciating pains, always Inflammations and cures Congen-tions, whether of the Lungs, Stomach, Bowsia, or other glands or organs, by one application.

THE PROM ONE TO TWENTY MINUTES. no matter how violent or excruciating the pain, the RHKUMATIC, Bed-ridden, Indirm, Crippled, Nervous, Neuralgie, of prostrated with disease may suffer,

### BADWAY'S READY RELIEF
