## Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR. It is a most agrecable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded of gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately. and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible. As a Dressing for Ladies' Hair,

will not sell white cambric. It imparts an agreeable and lasting perfume, and as an article for the tollet it is economical and unsurpossed in its excellence. Er. J. C. AVER & CO., Lowell, Mass.,
