-INTOXICATING liquors produce diarrhes or constipution, and a torpid condition of the liver, resulting in general debility and inertness of mind. To overcome this prostration, appeal is again made to the liquor as a stimulant, only to increase the gastric disturbance. The judicious application of such a tonic as Simmons' Liver Regulator would strike at the very root of the evil by correcting the condition of the liver, exciting the bowels to action, or correcting their looseness, stimulating the kidneys and removing the feeling of general depression, and with it the eraving for liquor.

"This is to certify that I suffered with the Gastritus for four months, and could not be relieved until I procured Dr. Simmons'Liver Regulator, and was entirely cured in a short time.
