MARING COFFEE. -- In order to have ood coffee select with critical discrimnation the best of genuine Mocha; or, poem on "July," not because it very common mistake of grinding to a powder. Place these grounds in an carthen, or, at least, porcelain-linen bowl. Cover with boiling water. Set on awarm place on the stove (but not ing. A very delicate coffee flavoring may be obtained by another process, as reduce to grounds and throw these grounds directly into the cream before by a very delicate coffee bouquet. Of course, the cream must be carefully strained before you proceed to freeze.
It will str ke the housewife at first reading as simply incredible that the rull aroma of the coffee berry can be extracted without any application whatever of fire. The experiment will delight as well as surprise all ladies of intelligence and taste who once put this to the test. This cold process was drst devised simply with the view of preventing as far as possible the escape of the aroma of the coffee berry, which fice. Take five ounces of best Mocha or Old Government Java; roast and grind to a coarse powder, in the way iaid down in a previous recipe; pour canter; pour on a sufficient quantity of old water to cover the coffee, stop the oottle or decanter close; set in a warm ituation for thirty hours: now filter the infusion by passing it through some fine lawn or blotting-paper placed on a glass funnel, or strain through mustin. This process has been tried with hot water, as well as with cold; and while it contradicts all prevailing impressions to say so, this still remains the fact-that the cold water produces the best result. Let each housekeeper try both the hot and cold water process, and decide for herself which result gratifies her most. It will be observed hat the delicate and highly aromatic infusions obtained by any of the foregoing processes will be equally available for hot breakfast cottee, for ice cold coffee, for coffee ice or for coffee

Sought A FIER -To find a safe, reliable, harmless, not repulsive remedy that can be taken without interfering with business or pleasure, or disorganizing the system, a simple vegetable compound assisting nature to get rid of impurities in a gradual manner as na-ture intended. Such is in Simmons' Liver Regulator, and the trial and use is all that is necessary to prove this to the most skeptical. Complete satisfaction is secured to every one, and certainly it is a satisfaction to find the head clear, the bowels regular, the blood purified and the breath sweet. The Regulator is so mild, so gentle, so harm-less, and does such a world of good in correcting the stomach, regulating the bowels, and restoring the health, that all that is necessary is to give it a trial.
"I can recommend as an efficacious remedy for all Diseases of the Liver, Heartburn and Dyspepsia, Simmons Liver Regulator. "Lewis G. Wunder,

Ass't Post Master, Phila."

A new style of barrel is the latest in vention—one intended for shipment of produce, and which shall be capable quence, but when entertained as to of transformation after the products what we shall rake when afflicted with are delivered, so as to occupy a comwhat we shall rake when afflicted with serious disease they may lead to dear experience. Don't therefore trifle with diseases of the blood manifested by eruptions, blotches, scrofulous and other swellings and grave symptoms, but take that well tested and efficacious remedy, Dr. Pierce's Golden Medical Discovery—the greatest blood-purifier of the age. If the bowels are very costive use also Dr. Pierce's Pellets (little sugar-coated pills). are held in place by luge alternating when the barrel is set up on opposite sides of the head. The heads are thus of less diameter than the inside of the barrel, so that the latter, when returned, may be packed full of heads, and the rest of the barrel sides packed

closely together. Withered Leaves .- According to a scientific authority, withered leaves of the usual autumnal colors—yellow,red, or brown-can be rendered green again by sleeping in water along with a little zinc powder.

## The Reason Why.

The tonic effect of Kidney-Wort is produce by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky, ropy urine from disc dered kidneys, it cures without fail. - Inc

# Vegetine.

Walfolk, Mass., March 7, 1980.

It wish to inform you what Vegetine has do for me. I have been troubled with Erystpelas Bumor for more than 30 years in my limbs and other parts of my body, and have been a great sufferer. I commenced taking Vegetine one year ago last August and can truly say it has done more for me than any other medicine. I seem to be perfectly free from this humor and can recommend it to every one. Would not be without this medicine—the more to me than gold—and I feet it will prove a biessing to others as it has to me.

as it has to me.
Yours, most respectfully,
MRS. DAVID CLARK,

J. BENTLEY, M. D., says:

It has done more good than all medical treatment. CAI freatment.

Newmanner, Out., Feb. 2, ISS.

Mr. H. R. Stevens, Boston, Mass.

Sit-I have soid ouring the past year a considerable quantity of your Vegetine, and I believe, in all cases it has given S-tisfaction. In one case, a delicate young lady of about 17 fram was much benefited by its use. Her parents informed me that it and done her more good than all the medical treatment to which she had previously been subjected. had previously been subjected.
Yours, respectfully,
J BENTLEY, M. D.

Loudly in its Praise. H. R. STEVENS, Boston; Out., March 3, 1880.

Dear sir-Considering the short time that Vegetine has been before the public here, it sells well as a blood purifier, and for (roubles arising from a sluggish or torpid liver it is a first-class medicine. Our customers speak foudly in its praise.

J. WRIGHT & CO.,

Cor. Queen and Elizabeth Streets.
