THE CYCLOPEDIA WAR. The Cyclopaedia War and the Literary Revolution are working wonderful and happy results for the student of books, and readers after knowledge. The great "Library of Universal Knowledge," is announced to be completed, ready for delivery to purchasers, the early part of July. It is probably the largest and most important literary work this country and the century have seen. It is based upon Chambers's Encyclopedia, the last London edition of which is reprinted entire as a portion of its contents, a large corps of American editors and writers adding thereto, a vast amount of information upon about 15,000 subjects in every department of human knowledge. Chambers's Encyclopedia, whose distinctive merit is universally known, is a finished product of the ripest British and European scholarship, and being a work of European production it has been naturally deficient in its adaptability to the wants of American readers. In this new form it is most thoroughly Americanized, and becomes at once the largest and most complete encyclopedia in the field, at a mere fraction of the cost of any similar works which have preceded it, containing about 10 per cent. more matter than Appleton's Encyclopedia, at less than one-fifth its cost, and 20 per cent. more than Johnson's Cyclopaedia at a little more than one-fourth its cost.

This superlative value and importance of this great Encyclopedia, however, has especially in the fact that it is brought within the reach of every one who aspires after knowledge and culture. It is really a library of universal knowledge. It brings a liberal education easily within the reach of every plain boy. Every farmer and every mechanic owes it to himself and to his children that such a cyclopaedia shall henceforward form a part of the outfit of his home. To the intelligent man in every walk of life a Cyclopaedia is indispensable. It is issued in various styles, in 16 large beautiful octavo volumes, varying in price from \$15 for the edition in cloth, to \$25 for the edition in full library sheep binding. Liberal discounts even from those extraordinary prices are allowed to those who purchase the early parts of the work during the next two months, besides purchasing \$10,000 cash in the special rewards to persons who forward the names of ten, or more subscribers. The American Book Exchange, 764 Broadway, New York, are the publishers, who will send sample pages and full particulars free on request.

What Ails You? It is a disordered liver giving you a yellow skin, or constive bowels, which have resulted in distressing piles, or do your kidneys refuse to perform their functions? If so, your system will soon be clogged with poisons. Take a few doses of Kidney-Wort and you'll feel like a new man—nature will throw off every impudment and each organ will be ready for duty. Druggists sell both the dry and liquid.—Evanville Tribune.

On Tuesday, through his lawyer, Jefferson Adams, who has been charged with stealing a horse, asked the District Attorney a Court to exempt him from a prosecution for breaking jail, and he will return for a new trial, which had been granted him by the Court at a former session. The Court granted the prayer of the escaped prisoner.

DIED. ROBINSON—On Thursday, the 17th inst., at the residence of her brother-in-law, Dr. Robert Campbell, in Lewistown, Mifflin county, Miss Anna Robinson, aged 45 years. Her remains were taken to the residence of her brother, Robert A. Robinson, near Acadamus, this county, and on Saturday, at 10 o'clock, they were placed in their last resting place in the Presbyterian grave yard at Acadamus. She was a daughter of George Robinson and his wife Priscilla Laird. The disease that took Miss Robinson's life was tubercular consumption.

WILSON—On Friday, the 17th inst., at his residence in this borough, W. W. Wilson, aged 81 years. His remains were interred in the Presbyterian grave-yard at this place on Monday at 10 o'clock. Mr. Wilson was born on his grandfather's farm, near Port Royal, in this county in the year 1800. Viewed from the standpoint from which men view each other, Mr. Wilson's life was a success. He died a member in full communion with the Presbyterian church, and his friends are happy in the thought of meeting him in the realm of the blessed above.

WOODWARD—On the morning of the 21st inst., at his place of residence in Tuscarora township, David Woodward, aged 42 years. AUKER—On the 8th inst., in Walker township, George Heckman Auker, son of David and Mary Auker, aged 8 years and 2 months.

George, we shall miss thee ever, Now thy life on earth is over; It was hard from thee to part, Knowing here we'd meet no more; Yet we'll meet no more till forever On a fairer, brighter shore, Where we shall be parted never From the loved ones gone before. Mrs. A.

Several days ago S. C. Frank, proprietor of the stage line between this place and Selma, was on his way out, that his horse became unmanageable on the hill by Keno's school house. The animal began a furious kicking, which it kept up, how long Frank does not know. The first recollection he had of the result of the performance of the horse was finding Christian Reno by his side helping him to his feet. Mr. Reno says that he heard a noise on the road; he went out and stopped a horse and carriage; he knew the vehicle and animal to belong to Frank; looking over along the road to the school house; he saw a man lie in the road; he went over, and as he had conjectured, the man was the proprietor of the line. He seemed to be unconscious. He was not hard to arouse, but when he stood on his feet he was still so confused that he asked, "What has happened?" Reno led him to his own place, and after remaining there a half hour he resumed his trip toward the Susquehanna, Reno having furnished him with a safe horse. One spring of the carriage, or stage, was damaged. The vehicle was loaded. The animal in going over from the place of the mishap to the hill on which the Reno buildings stand left the road at the bridge and crossed the stream on the north side of the bridge, between the fence and the structure just mentioned. Mr. Frank has been on duty ever since.

The following is from the Occola Register: While the waters were at their highest, during the recent freshet, Mr. David Miller, who lives on Trout run, near Ellis' mill, about two miles from Occola, attempted to descend upon a raft to his home from a point on the run where they had gone to look after a garden. Mrs. Miller was on the rear end of the raft, while her husband was directing its course. A tree had fallen across the stream, raising it high enough above the water to allow the raft to pass under, but not the occupants. As they approached the tree at a rapid rate, Miller directed his wife to jump up on it and on the raft again on the other side; but in the attempt to do so, her foot was caught in a hole on the raft and held tight, and the whole weight of the raft on this point, breaking both bones below the knee. Dr. Reed treated the fracture, and she is now as comfortable as it is possible for her to be under the circumstances.

A FACT.—We do not take back one word of what we said in last week's advertisement about Heck's Horse Shoes, but we will add more to it. We have the lowest prices for the quality and the best assortment by far of any store in the county. We will give you prices and show all kinds, whether you want to buy or not. If we can't sell to you, that is our fault. Yours respectfully, GEO. W. HECK, Bridge Street, Mifflintown, Pa.

If You Are Sick, Read the Kidney-Wort advertisement in another column, and it will explain to you the rational method of getting well. Kidney-Wort will save you more doctor's bills than any other medicines known. Acting with specific energy on the kidneys and liver, it cures the worst diseases caused by their derangement. Use it at once. In dry and liquid form. Either is equally efficient, the liquid is the easiest, but the dry is the most economical.—Interior.

JOHN McLAUGHLIN'S INSURANCE AGENT, PORT ROYAL, JUNIATA CO., PA. Only reliable Companies represented. Dec. 8, 1875-13. Medical. Ayer's Hair Vigor, FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR. It is a most agreeable dressing, which is at once harmless and effective, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brassy, weak, or otherwise discolored hair, it imparts vitality and strength, and renders it pliable. The Vigor cleanses the scalp, cures and prevents the formation of dandruff, and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible. As a Dressing for Ladies' Hair, The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsuited in its excellence.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. JOHN McLAUGHLIN'S INSURANCE AGENT, PORT ROYAL, JUNIATA CO., PA. Only reliable Companies represented. Dec. 8, 1875-13. Medical. Ayer's Hair Vigor, FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR. It is a most agreeable dressing, which is at once harmless and effective, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brassy, weak, or otherwise discolored hair, it imparts vitality and strength, and renders it pliable. The Vigor cleanses the scalp, cures and prevents the formation of dandruff, and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible. As a Dressing for Ladies' Hair, The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsuited in its excellence.

PREPARED BY Dr. J. C. AYER & Co., Lowell, Mass., SOLD BY ALL DRUGGISTS EVERYWHERE. Manhood: How Lost—How Restored. Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Spematorrhea or Seminal weakness, Involuntary Sexual Emissions, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c. The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
