Republican Primary Election.

As per rule of the Republican County Committee, the Republican Primary Election will be held in Juniata county on SATURDAY, SEPTEMBER 24, 1881, and the meeting of the Convention of Return Judges on the following Monday.

The following is the system under which Republican Primary Elections are held: First. The candidates for each office shall have their names announced in one or more of the Republican county papers at least four weeks previous to the primary meeting, stating the office, and subject to the action of said primary meeting.

Second. The voters residing in Republican precincts in each township or borough shall meet on Saturday, September 24, 1881, at the usual place of holding the spring election, at 2 o'clock P. M., and proceed to elect one person for Judge and two persons for Clerks, who shall form a board to receive votes and determine who are the proper persons to vote, and shall hold the polls open until 7 o'clock P. M. After the polls are opened the candidates announced as above, shall be called for and their names written on a list at the time of voting, no person being allowed to vote more than once for each office.

Third. After the polls are closed the board shall proceed to count the votes of each candidate received, and make out the returns accordingly, to be certified to by the Judge and attested by the Clerks.

Fourth. The Judge (or one of the Clerks appointed by him) shall take the returns to the County House in Millintown, on Monday following the primary meeting, at 1 o'clock P. M., having the returns and a list of the voters and count the votes, and the person having the highest number of votes for any office shall be declared the regular nominee of the Republican party.

Fifth. If any two or more persons have an equal number of votes for the same office, the Judges shall proceed to ballot for their choice, the person having the highest number of votes to be the nominee.

Sixth. The Return Judges shall be competent to reject, by a majority, the returns from any precinct if there is any evidence of fraud, either in the returns, or otherwise, to the extent of the frauds committed.

Seventh. No person shall be permitted to vote by proxies.

AMENDMENTS.

At the Primary Election held August 19, 1878, the first article of the system was amended, limiting the time of issuance of returns to two weeks instead of four weeks prior to the Primary Election.

At the Primary Election held August 2, 1879, the following three amendments were adopted by an almost unanimous vote of the party: 1st. That the Representative Delegate and Senatorial Delegate be voted for and elected at the Primary Election.

2nd. That the Return Judges and Clerks shall be sworn, according to the general election laws, before receiving any votes at the Primary Election, that they will honestly and faithfully discharge the duties devolving upon said offices.

3rd. That the Chairman of the County Committee be voted for and elected at the Primary Election.

Last year—1880—the Convention of Return Judges passed the following resolution as to the sense of the 1st amendment of the three amendments adopted at the Primary Election August 2, 1879: Resolved, That it is the sense of this convention that the amendment which was adopted in 1879, prescribing that a Senatorial Conference shall be annually elected by a clerical vote, to wit: Using the word "Conference" for "Delegate," and hereafter the term "Delegate" shall be used instead of "Conference" in said amendment.

OFFICERS TO BE ELECTED.

President Judge, Two Associate Judges, District Attorney, Prothonotary, Two County Commissioners, County Auditor, Chairman County Committee, Representative Delegate, Senatorial Delegate.

The Bean Beetle.

Bean beetles have been ravaging the bean crop in the east end of Juniata county the past two seasons. Rev. S. G. Dressler addressed the Agricultural Department on the question of the bean beetle, and the following communications are the answers that Rev. Mr. Dressler received from the Department at Washington as to his inquiry:

DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C., May 17, 1881. Sir: Your communication of recent date has been received and referred to the entomologist of the Department, whose report on the same is herewith enclosed. Very respectfully, Wm. G. Ledec, Commissioner of Agriculture.

To Rev. S. G. Dressler, Oriental, Juniata Co., Pa.

DEPARTMENT OF AGRICULTURE, DIVISION OF ENTOMOLOGY, WASHINGTON, D. C., May 14, 1881. Sir: In answer to the communication of Rev. S. G. Dressler, of Oriental, Juniata Co., Pa., I would respectfully submit the following: The specimens received show the beetle doing the injury to the beans to be the common bean weevil (*Bracon aboleus* Say). The usual remedy for nearly all species of injurious to stored grain applies very well to this beetle. It consists of placing the beans in a tight bin or other receptacle, and exposing upon the top of the same a shallow quantity of Carbon Bisulphide in a shallow dish. One ounce of the chemical is sufficient for a ton of grain. Great care should be taken in the use of the Bisulphide, as its vapor is very inflammable and will readily ignite from even a spark.

Respectfully, J. Henry Comstock, Entomologist.

A number of citizens of this county, that have been in the West, can tell melancholy tales, but none of them can come up to that of a professor of Union College, at Schenectady, New York, who recently took a trip to Iowa, and while there had occasion to examine some land. He went along with a farmer as a companion. The professor stripped, and while the farmer tried to feed the stream, the current swept the wagon down stream, with the farmer and professor's clothing, watch, \$125 in ninety and some drafts. The farmer was drowned and the contents of the wagon lost. The naked professor walked several miles before he could obtain a pair of pantaloons.

You have allowed your liver to become habitually clogged with bowels to become torpid, and the same thing will do to your kidneys, and you are just dying. Now be sensible, get a package of Kidney-Wort, take it faithfully and soon you will forget you've got such organs, for you will be a well man.

The editor of the Lewistown Gazette says people need not be alarmed about the worms in bass; that when the fish are thoroughly fried the worms are harmless. Mrs. Lydia McLeod, a pauper in Sdsquehanna township, has her life insured in nearly all the life insurance companies, and citizens from Susquehanna say that the amount insured is between nine hundred thousand and a million dollars.

The Chambersburg Repository says that a lady in the town mentioned is so afraid of lightning that when a thunder shower comes up in the daytime she closes the shutters of the house, and lights a lamp and sits quietly down till the storm has passed by. There is an unusually large wheat crop in Russia, which may have the effect of keeping down the price in the United States, and it is not for the fact that in Mexico the grain crops are a failure, and that already at this early date there is a large demand from the land of the Asteca.

This concerning the centennial celebration of the surrender of Lord Cornwallis, which took place in 1781, in Virginia: "The Baltimore prothonotary who received from the Congressional Committee the contract to furnish fireworks for the Yorktown celebration will display eight sets of pieces on the evenings of October 18 and 19 from rafts or canal boats in the river. The clerk in the stable of the Jacob Hottel and David Hoffman has a "fall-out" which resulted in a rough and tumble scuffle at the corner of Main and Bridge streets, on Monday evening. The parties fell to the pavement, Hoffman on top, but the scuffle was pulled vigorously. Hoffman had his prostate face by the head and was bumping it up and down "who-and-a-who" on the pavement, and if the hostler had not held so firmly to Hoffman's beard the under man might have had the back of his head badly hurt. R. E. Parker and Daniel Packer, in the interest of peace and harmony, stepped in and took the belligerent man apart.

The fire started in the kitchen from an overheated oven.

PRESIDENT JUDGE. Editor Sentinel and Republic—Dear Sir, As the rules of our party require candidates to be announced and voted for on our Primary Election, allow us to name Hon. B. F. Jenkins as a candidate for President Judge. He has been an able and impartial Judge, and as Perry county has decreed overwhelmingly for him Junata will be almost sure to re-tor her vote the same way.
