Republican Primary Election.

As per rule of the Republican County Committee, the Republican Primary Election will be held in Juniata county on SATURDAY, SEPTEMBER 24, 1881.

The following is the system under which Republican Primary Elections are held:

First. The candidates for the several offices shall have their names announced in one or more of the Republican county papers at least four weeks previous to the primary meetings.

Second. The voters responding to Republican primaries in each township or borough shall meet on Saturday, September 24, 1881, at the usual place of holding the spring election.

Third. After the polls are closed the board shall proceed to count the votes of each candidate received, and make out the returns accordingly.

Fourth. The returns shall be certified to by the Judge and attested by the clerk of the primary meeting.

Fifth. If any two or more persons have an equal number of votes for the same office, the Judge shall direct a ballot to be cast by the person having the highest number of votes to be the nominee.

Sixth. The returns shall be returned from each election district where there is evidence of fraud, or to the extent of the fraud committed.

Seventh. No person shall be permitted to vote by proxies.

AMENDMENTS. At the Primary Election held August 19, 1876, the first article of the system was amended.

At the Primary Election held August 2, 1879, the following three amendments were adopted by an almost unanimous vote of the party.

1st. That the Representative Delegate and Senatorial Conference be voted for and elected at the Primary Election.

2nd. That the Returns Judges and Clerks shall be sworn, according to the general election laws, before receiving any votes at the Primary Election, that they will honestly and faithfully discharge the duties devolving upon said officers.

3rd. That the Chairman of the County Committee be voted for and elected at the Primary Election.

Last year—1880—the Convention of Return Judges passed the following resolution as to the sense of the last amendment of the three amendments adopted at the Primary Election, August 2, 1879:

Resolved, That it is the sense of this convention that the amendment which was adopted in 1879, prescribing that a Senatorial Conference shall be annually elected by the people at the Primary Election, contains a clerical error, to wit: Using the word "Conference" for "Delegate," and hereafter the term "Delegate" should be used instead of "Conference" in said amendment.

OFFICERS TO BE ELECTED. President Judge, Two Associate Judges, District Attorneys, Two County Clerks, County Commissioners, County Treasurer, Two County Auditors, Chairman County Committee, Representative Delegate, Senatorial Delegate.

ABOUT FIVE HUNDRED persons attended the picnic of the Juniata Valley at Bedford last Friday and Saturday.

The meeting was presided over by the late President, John M. Bowman, of Bedford.

Secretary, James Lindsey, Huntingdon News; Treasurer, Hugh Lindsey, Bedford; Cashier, G. C. Calvin, of Bloomfield, Perry county.

A good programme has been prepared, which will be published in due season. A large number of the officers of the various organizations represented in the county have been invited to be present.

Let all the Veterans in the county make arrangements to attend this reunion, and make it the grandest one we have yet had.

THOMAS A. ELDER, Secretary.

Ponder on these Truths. Kidney-Wort is nature's remedy for kidney and liver diseases, piles and constipation.

Sediment or anacids in the urine is a sure indication of disease. Take Kidney-Wort. Torpid liver and kidneys poison the blood. Kidney-Wort revives them and cleanses the system.

Headache, bilious attacks, dizziness, and loss of appetite are cured by Kidney-Wort. See adv.

Pennsylvania State College. An examination of applicants for the free scholarship awarded to this Senatorial District was held at the Pennsylvania State College.

CHAS. H. SMILEY. New Bloomfield, Pa., Aug. 29, 1881.

To the Veteran Soldiers of Juniata County.

The time for our annual reunion is rapidly approaching. The various committees have been appointed to make all necessary arrangements as to details, but in the necessities of the reunion must depend upon the interest the individuals composing the organization manifest in it.

It is enjoined upon all who were the blues to make this reunion their own. Let no opportunity be omitted from this until October 6th, to talk the matter over with your soldier neighbor, and to urge him to give one day, at least, this year to collective association with his old comrades in arms.

Comrades, the time you thus give will not be lost; on the contrary, the pleasure derived therefrom will revive your hopes, inspire you with new life, and make you feel that the sacrifice you made in the hour of national peril is appreciated by your fellow-men.

It is desired also, that the "Soldiers' Aid Society"—an organization existing during the war under the auspices of the Sanitary Commission, and which rendered such important aid to the soldier in the field—be represented and become a feature of our reunion. These societies were composed of ladies, noble-hearted and generous—the noble and wives, sisters, daughters, friends of the men who had entered the army, and true to the political history of their sex, by their smiles and encouragements and their earnest effort on behalf of the suffering, and of fresh tribute to the name and fair fame of our noble and patriotic God bless the noble, heroic, self-sacrificing men of the land! Let these organizations be revived and meet with us on reunion day.

Waterloo and Peru were each refreshed by a shower of rain on Friday morning. Court is in full operation but so far the attendance has not been large.

The annual reunion of Perry county soldiers will be held at Hillersstown October 12. Benjamin Byers is repairing his house which adjoins the Presbyterian church property.

SHORT LOCALS.

Mrs. William Snyder is in poor health. Oldish people talk of a great drought in 1850.

Miss Anna Parker is attending school in Pittsburg. The Soldiers' Orphans' Schools are again in operation.

Squirrel hunting and oyster eating began last Thursday. Russia has considerable of a surplus of wheat this year.

Now is the time for business men to advertise their fall trade. Rain fell at Bedford, and at Scranton, this State, on Friday.

Miss Annie Grayhill has gone to Philadelphia to attend school. Rain fell in a number of places in Ohio and New York on Friday.

A number of squirrels were bagged by sportsmen on the 1st inst. In some places the law is enforced against the doctors that fail to register.

The Jacobs House runs a free carriage to the railroad for its own guests. The "traveling bag" and his keepers were in town on Tuesday morning.

The summer is ended, and the business is rubbing up for fall and winter work. The new facade of the river bridge is a great improvement on the old one.

Elias and G. C. Horning advertise a good farm in Lost Creek valley for sale. Waterloo and Peru were each refreshed by a shower of rain on Friday morning.

What's the use of going to Canada to consult Vendor about the weather. Samuel Showers in this place predicts a forecast weather with as much certainty as the Canada prophet.

James Chamberling, of Indiana county, came to this place some days ago, with a drove of 60 cattle. He fed ready sale for them. Last Thursday he sold the lot of the lot—20 heads, and his horse—to Wm. McLaughlin, of Fermanagh township.

The Juniata County Agricultural Society will hold their twenty-first annual exhibition at their grounds in Port Royal, on Wednesday, Thursday and Friday, the 12th, 13th and 14th of October, 1881.

JOSEPH BORNHOFF, President. The tax-gatherer was abroad last week, and this week he is still calling on taxpayers for a certain percentage of their earnings. It is used in keeping up the schools, roads, courts, court houses, poor, and so forth.

The Pennsylvania railway company has placed at the disposal of the President, in anticipation of his contemplated removal to Long Branch, car No. 120, which was the late Col. Thomas A. Scott's private car, but the car was deemed unavailable, and another was prepared at Altoona.

Oil City Derrick: Mrs. Jones went to a picnic the other day, one of those quiet picnics with no fuss, where you get up at 4 o'clock in the morning, pack off four children and ten lunch baskets and get around in the heat all day and it made Mrs. Jones so tired that she had to do two days' washing before she felt rested.

A fire broke out on Moyer's ridge on Tuesday, and destroyed several hundred panels of fence. S. B. Loudon, Emanuel Moyer and Mrs. Moyer, David Wilson, and C. S. Horning, the Oberholster brothers, Christian and John Reno all turned out and fought the fire, and kept it from getting into the woods east of the Moyer farm. If the fire had reached the woods there is no telling where it would have stopped.

A youth, living with James Groninger in Millford township, was over in Licking Creek valley on Saturday. Returning after dark, he lay down to drink at a spring on the side of Black Log mountain. While he was drinking a snake darted out from the bank and bit him on the right side of the head. By Sabbath day the right side of the face and neck were greatly swollen, and the right eye was getting along as well as can be expected.

Prayer for the recovery of President Garfield was offered in many churches all over the State on Tuesday, in accordance with the request of the proclamation of Governor Hoyt. A number of other Governors issued, each a proclamation for prayer at the same time—10 o'clock on Tuesday. Other Governors declared the time too short to notify the people, and have appointed Thursday, at 10 o'clock, for prayer, secret prayer, can be offered from the closet, from the field, from the workshop.

Intelligence from Lancaster county in regard to the tobacco crop says: The unprecedented drought has resulted in the failure of two-thirds of the tobacco crops, entailing a loss in this county alone of over a million dollars. In neighboring counties the loss will be as much more. Some of the early planted tobacco escaped the dry spell and matured well, but this has already been purchased by New Yorkers, most of it while still growing in the fields. Larger prices rule this year than ever before. It is believed the remainder of the crop will only be available for fillers.

An exchange says: The pay received by members of the Pennsylvania State militia while in camp is as follows: Major General per day during the encampment, \$20.82; Brigadier General, \$12.28; Colonel, \$9.94; Lieutenant Colonel, \$8.43; Major, \$6.92; Captain, Quartermaster and Adjutant, \$5; First Sergeant, \$4.17; principal musician, \$3; First Sergeant and non-commissioned staff, \$3; Sergeant, \$2; Corporal, \$1.75; enlisted men, \$1.50. The commissioned officers furnish their own mess and care for their own horses, while the others are all supplied by the State, the rations being superior to those of the regular army.

The editor of an exchange paper has just come to the realization of a fact which he expressed in the following item: A doctor will sit down and write a prescription; time, five seconds; paper and ink, one-fourth of a cent; and the patient pays one, two, three, five, or ten dollars, as the case may be. A lawyer writes ten or twenty words of advice and gets from ten to twenty dollars from his client. An editor writes a half a column puff for a man, pays a man from fifty cents to one dollar for putting it in type, prints it on several thousand worth of paper, sends it to several thousand people, and then surprises the puffed man if he makes any charge. Strong's Warrant, this.

Irwin Crawford, son of Samuel H. Crawford, residing about five miles west of Meyersville, in Lack township, had his right arm so mutilated in a threshing machine that he was in operation on the farm of James Mairs, that amputation became necessary. The accident took place last Friday evening. The young man is 22 years of age. He was "feeding" the machine. He lost his balance and fell; his arm was caught by the cylinder about the elbow. The lower arm was torn and lacerated, all of the bone being torn out. The arm was amputated within four inches of the shoulder joint. Dr. Crawford, of this place, assisted by Dr. Sandoe and Dr. Salm performed the amputation. From the terrific shock to the system, loss of blood, and the operation of amputation, &c., his condition was rendered extremely critical and alarming. At the writing of this notice we learn that he has to some extent recovered from the above complications, and some hopes are now entertained of his ultimate recovery. He still remains at the house of Mr. Mairs, where very kind attention is being rendered him by his relatives, Mr. Mairs' family, and neighbors.
