The expressions of sympathy for Mrs. Garfield by Queen Victoria were touching. Almost at regular stated intervals the Queen sent telegrams of sympathy, and the last tribute of respect and sympathy was a telegram ordering a wreath of flowers for the funeral obsequies of the decease President. "Long live Queen Vic toria."

Ex-SENATOR CHRISTIANCY has had a doleful time of it since his advent in Washington. If the shooting of President Garfield shall indeed open the eyes of the people of the Republic to the number of tricksters and worthless men that are in office and cause them to defeat all such people at the polls, where the reme-dy lies, then will the death of Presi dent Garfield, instead of proving it self a calamity, prove itself to be blessing in disguise.

As exchange, speaking of the plea of the Standard Oil Company against paying back taxes on the ground that the company has no property in this State, says: It is expected this ple will serve as a bar to further proceedings, and render the collection impossible. Whether this pettifogging special pleading shall accom plish its purposes, and lend the sand tion of law to a fraud upon the State depends altogether upon the ability and integrity of the people's attorneys. Our own view is that it will be a dismal failure. If there is no property in this State whose title is Thou, who didst open the grave of the brother at Bethany; who hadst compassion on the widow of Nain, as she bere her beloved dead; who art the same yesterday, to-day and forever, and in whom there is no vested in the Standard Oil Company, there are millions of dollars worth which that company owns, controls and manages with unquestioned an thority. ## Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases, caused by derangement of the stomboh, liver, and howels, which require prompt and effectual treatment. Ayen's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are possitively free from calonnel, or any injurious properties, and can be administered to children with perfect safety.
