THE McVeytown Journal of last week save On Thursday morning about one o'clock the cry of Fire! Fire! was given to the citizens of Mattawanna, thereby arousing the sleepers at an unusual hour. Upon ascertaining the source of the fire, attention was directed to the farm-house of Mr. S. M. Troxell, situated a short distance east of Mattawanna, and occupied by a Mr. Mathews and family. The family, with the exception of a child between two and three years of age which perished in the flames, made a very narrow escape; so much so, that they had not time given them to save anything, not even wearing apparel. Truly Sunday. it is a sad thing to encounter such a disaster, but far more so to have a member of Monday. the family perish in the angry flames of destruction. How the fire originated is still a mystery. It again gives us the warning to be careful how we conduct our business with fire and matches about the bouse; too much care cannot be exercised in this matter. We, in accord with the citizens gen erally, extend our sympathy to Mr. Troxell in his loss of property, and to the family so and Saturday. quickly shorn of their home and goods, and especially do we sympathize with them in delightful one. the loss of a child. The bullding destroyed, was valued at \$1,200 and was insured at McClintic's.

THE Perry County Freeman, published at the home of Judge Junkin and Mr. Barnett, said in last week's issue : Last week Charles A. Barnett, Esq., was nominated by the Judicial Conference of this district the Democratic candidate for President Judge, apparently with but little trouble. He is one of our pearest neighbors, a courteous gentleman, a man of undoubted honesty and unquestioned ability, as is also his opponent, Judge Junkin. The Freeman, whilst committed by honest usage as well as by the selection of the Republican Convention for Judge Junkin, has nothing to say personally against Mr. Barnett. Both candidates are honored citizens of this town, and each, as affairs now look, will lose some votes from the other party; and to some extent at wells indicate, have not been increased in least, party lines will be obliterated in this volume by the late rains. borough. And this may be true, to a greater or less extent, throughout this county, and throughout the district. Some people believe that the President Judge should have no partizan tinge, and therefore vote for the candidate they believe best qualified, regardless of party affiliations.
