WHAT IS THE GAIN?

What is the gain? if one should run a noble face, and at the last, with weary pace, Win to the goal and find his years a harvest-field of waste and lears, of turned and of buried trust, lich with dead hopes and hitter dust, And strife, and sneer, and ceaseless pain, What is the gain ?

What is the gain 7 When, having reached a sunlit height brough harren sweeps of gloomful night, light to see beyond the crost air tanks of beauty and of rest, thre lies before, stretched far away nto the confines of the day, A desolate and shadeless plain, What is the gain?

What is the gain 7 To sail for months of cold and toil eros wide seas, where winds recoil mir to gather strength and roar A los for challenge than before, id find, when through fogs thick and dun The rocky coast at last is won, a haven from the storm-vexed main, What is the gain ?

What is the gain ? The race is will ; we see the light ; te conquer where the storm-winds fight : We show the way to those who wait was faint hearts b. the walls of Fate : rbunners flutter in the van of battles fought for Thought and Man. and ignorance and darkness wane : What is the gain?

leave to see her to the stage. JOE DATTON'S MODEL. She accepted the kindness, as she did Mark, you will never find a model to everything, with perfect composure, and instrate your idea. Mineral Products of South Africa.

The diamond industry in South Africa ntinues to be exceedingly productive. The gross weight of diamonds sent through the Kimberley post office last year was 1,440 pounds avoirdupois, valued at nearly \$17,000,000. Accord-

ing to the Manchester Courier, the annual value is estimated as follows:

Kimberley, £4,000,000; Old de Beer's, £2.000,000; Da Toit's Pan, £2, 000,000; There were four sites of the royal Assy rian residences discovered on the left side Bultfontein, £1,500,000. At the end of ast year 22,000 black and 1,700 white men were employed at these mines. preaching of the prophet Jonah. From the Kimberley and Old de Beer's These are Kuyunjik, Nebs Yunis, Nimrud, and Khorget sabad. There are other important ruins 3,200,000 carats are annually raised, within what I consider to be the radius of while the other two mines above named vielded 300,000 carats last year. At the liggings on the Vaal River about 250 men were at work last year. The other mportant mining industries of the qualand, from which last year 15,310 tons of copper were exported, valued at perience, discretion and good temper.

£306,790. From the manganese mines in the Paarl division 206 tons were exported; while at the coal mines in the these mounds there have been discovered Assyrian remains; and at Balawat esded.
