Mr. B. F. PRITCHARD, of Washington, D. C., is certainly entitled to great distinction on account of his stootness to the soldier. His long experience—and experience is everything—enables him to bring about a speedy settlement of all class of claims. The fee for obtaining a pension is only ten dollars, while the pensioner frequently draws/several hundred dollars at first payment. And the pension laws are so very liberal hat a pension is given for any kind of a wound, disease, or disability, even if caused by accident or otherwise. And it should be known by every one that Mr. Pritchard makes rejected pension cases, and as such other case, or disability, even if cansed by accident or other-wise. And it should be known by every one that Mr. Pritchard makes rejected pension cases, and such other claims as have been unskilfully and negligently prose-cuted by incompetent atterneys, a speciality. All such cases can jet be favorably settled. It is not uncom-mon for him to secure the allowance of a pension claim after more than one rejection. There are thousands of just and meritorious claims for pensions that were re-jected during the five years that "Mr." Bentley was Commissioner, all of whom should apply semi- and we say apply to Mr. Pritchard and know the double ad-vantage of having a good shorrey, and one at the claim.

Johnny, "what is a log!" "A log, my son," replied Brown, stealing a hasty glance at Mrs. B. to see if she was listening

each side, and are then glazed with an air space of one half meh or more between the panes of glass. The glass must be put in with its inner faces perfectly bright and clean; and the glazing should be done on a cold, dry day, so as not to metude watery vapor, which in cold weather will condense inside the air space, and cause mistness. This double glazing with an air space makes a window almost as warm as a brick wall, and not only keeps up the temperature of a room in winter, and saves fuel, but it keeps the room cool in hot weather, and it makes the temperature more uniform throughout the apartment. With ordinary thin glazing in winter, the inmates are always being chil ed on that side which looks toward the window, and baked on the side which is toward the fire. Double glazing on window sashes would save all this trouble. NEW BLOOMFIELD, Miss, Jan. 2, 1880.

I wish to say to you that I have been suffering for the last five years with a severe itching all over. I have heard of Hop Bitters and have tried it. I have used up four bottles, and it has done me more good than all the doctors and medi-cines that they could use on or with me. I am old and peor but feel to bless you for such a relief by your medicine and from torment of the doctors, I have had fifteen doctors at me. One gave me seven ounces of solution of arsenic; another took four quarts of blood from me. All they could tell was that it was skin sickness. Now, after these four bottles of your medicine, my skin is well, clean and mooth as ever.

M

th this Weather Signal Office.

Mr. Joremish Toadvine, of the rural district, brought a letter of introduction to the United States Signal Officer, and by the latter gentleman was shown the beaufful scientific instruments for measuring and determining the various changes and conditions of the weather. Foliating to the standard thermometer he explained to Mr. T. the uses of the heaf gauge, whereupon Mr. T. anxiously inquired if he "headn't nuther un to spare—sich a nice merchine to sot the weather in hayin' and harvest time." His inspection of the acrometer or wind measurer evoked the expression: "Wouldn't she be the nucket to run the wind mill with." The barometer was one too many for Toadvine, and, looking queerly at the official, as if he were utterly nonplussed and bankrupt of words, said: "Friend, did you ever have the reumaits" The abruptness of the question surprised the officer, who replied, "No—never." "What"—— Evidently recollecting himself, Mr. T. stopped on the ragged edge of the threadbaru remark, and said: "I only wanted to know, for it his trup (pointing to the barometer) shows the good an bad weather afore its time, it would be a buily trap for people with reumatis: they could fain it every time. Up my country when folks has it they use Sr. Jacoss out, an' it's a powerful argyment agin reumatis—it's the upper dorg in the fight every time." With thanks for the unexpected information, the official politicly turned Mr. Toadvine Oil, an it's a powerful argyment arm reumatis—lis the upper dorg in the fight every time. With thanks for the unexpected information, the official politicity turned Mr. Toadvine over to the asher to show him to the street car, while he, looking over his paper, read: "Mrs. T. A. Giss, No. 1754 Walnut he, looking over his paper, read: "Mrs. T. A. Giss, No. 1754 Walnut he, looking over his paper, read: "Mrs. T. A. Giss, No. 1754 Walnut he, looking over his paper, read: "Mrs. T. A. Giss, No. 1754 Walnut of the met have taken hold with the determination to stay, and the morning is obtained the Sr. Jacons Oil. I could not put my foot down to the floor, even for an instant. I used it that evening for the first time, and the next morning for the first time, and the next morning for the first time, and the next morning for the second time, and that afternoon put my foot down for several minutes. On the Sunday following I ceuld stand up and walk a few steps. Oh Tuesday could walk about my room and went down stafts by holding on to the banisters. Now I can walk quite well and there is very little pain left. Just think one from pain! It is a wonderful medicine.

MRS. LYCIA E. PINKHAM. OF LYHM, MASS

Fever and Ague.

FEVER and AGUE cured for so cents. There is not a remedial agent in this world that will cure Fever and Ague, and other Malarious, Bill out, scariet. Typholdt. Tellow and other teres (aided by Radways Pilla) so quintly as Rubart Relief.

H. will in a few moments, when taken sourcing to directions, cure Gramps, Spasms, Sour Stomach, Heartburn, Sick Headache, Durrham, Dysentery, Colic, Wind in the Bowes, and all internal Pains.

Travelers should always carry a bottle of Radway's Ready Relief with them. A few drops is was er will prevent sickness or pains iron change of water. It is better than French brandy or bitters as a stimulant.

Miners and Lumbermen should always to provided with it.

The fowls that are destined to play the part of spring enickens next year are already able to fly to roost. We live in an age of progress.

That feeling of bearing down, consing pain, weight and beckeels, is already some male rail curve as an in well as all the law that govern the female system. For the curve of Kidney Complaints of either sex is in
