Gents:—Upon the recommendation of a friend I tried Banwa's
Isow Bitters as a tonic and restorative for my daughter, when I was thereughly convinced was wasting away with Consumption.
Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Banwa's Isom Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted equickly said "Tonics were required," and when informed that the elder sister was taking Banows' Isom Bitters, responded "that is a good tonic, take it."
