Spreading of rails under high temperaure is a source of danger, the magnitude of which travelers know little. When the ends of the rails are too close, as they are very apt to be when laid by the usual rule of thumb way in cold weather, they are certain to press against each other and bulge out the track into a sort of doublewave line in summer. Spikes will not cure the difficulty. Indeed, the less strain placed upon spikes the better for everybody. Here is the remedy for spreading good horses and mules, fine domestic chopped parsley, and one or more raw which one now forever silent was about to fowls, and to qualities in all of these that eggs; beat these together thoroughly, put into practical shape and patent, but which may be here given free: No track for a railroad should be laid without a constant consultation of the thermometer and the application of guages properly regulatells the following joke on himself: A ted for temperature. That is the general short time after his retirement from the idea, the force of which will be seen at bench he happened to meet an old friend once by every railroad engineer. Inventors may find in this bint something valuable A reliance on spikes against spreading yield of 1882 is now put at 500,000,000 effervesced over his friend in such a might be shown to be nonsense by a tittle bushels, against 600,000,000 bushels estispikes, though, may show that the ratis had spread and that the inspection was ne gligent.

A chemist at Heidelburg, Germany, prepares a substitute for boiled oil by mixng ten parts of whipped blood, just as it s furnished from the slaughter houses, with one part of air-sl-ked hone sifted into through a fine sieve. The two are welnixed and left standing for twenty-four ours. The dirty portion that collects on top is taken off, and the solid portion is broken loose roos the lime at the bottom, he latter is starred up with water, left to settle, and the water poured off after the inne has settled. The clear liquid is well mixed up with the solid substance before mentioned. This mass is left standing for ten or twelve days, after watch a solution of permangan, to of potash is added, which decolorizes it and prevents putrefaction. Finally, the mixture is stirred up, diluted, tioned. "Then what are you doing with two valises?" "Two valises! Why, tered, a few drops of oil of lavender added, the consistence of very thin size, then fintered, a few drops of oil of lavender added, the closed of the consistence of very thin size, then fintered, a few drops of oil of lavender added, Hay contains a much larger proportion I haven't any," at the same time moving and the preparation preserved in closed to polash and lime than the cereal crops. In section, "Oh, excuse vessels. It is said to keep a long time. me," said the conductor, and as he without change. A single coat of this liquid will prepare wood or paper, as well as lime or hard-plaster walls, for painting with on colors. It is cheaper than linseed oil, and closes the pores of the surface so perfectly that it takes much less paint to cover it than when primed with oil.

GAINED EIGHT POUNDS IN THREE WEEKS. "GAINED EIGHT POUNDS IN THREE WEEKS."

MR. H. R. STEVENS:

Dear Sir -Having used but three lottles of your VEGETINE in a very bad case of liver complaint. I find myself improving rapidly; am weighing eight pounds more at present than I did when I began taking it, and believe with a continuance of a small quantity more I shall be entirely cured. Before I began taking the VEGETINE I was under the doctor's care; was sick a long time. Mr. Smith, who had received great benefit from taking the VEGETINE, advised me to try it. I can cheerfully recommend it to everyone as a good medicine, as the Vegetine has done more for me than the doctors could do.

JAN. A. JOHNSON, Police Officer. No. 323 Brown street, Rochester, N. Y

MINISTERS have been funny ever since they began to preach. The chaplain of James I., when speaking of the depravity of the age said: "Almost all houses have been made into ale houses; men in these generate days make matrimony a matter of money, and they are apt to risk their paradise on a pair o' dice. Was it so in the days of Noah? Ab, no," *If you are a woman and want both

health and beauty, remember that all superficial efforts to increase your personal charms are vain. Freshness and beauty accompany health, and to secure this Mrs. Lydia E. Pinkham's remedies for all female weaknesses offer the surest means of renovation. The highest intelligence loses its lustre when it must find, expression through a bihous complexion. Good for

"Even do asything heroic?" said the Vermont man, "I reckon I did, I once went bail for a neighbor o'min who wasn't worth two cents."

A Valuante Medical Treatise.

The edition for 1883 of the sterling Mednac, is now ready, and may be obtained, free of cost, of druggists and general country dealers in all parts of the United States, Mexico, and indeed in every civilized portion of the Western Hemisphere. This Alicanac has been issued regularly at the commencement of every year for over one fifth of a century. It combines, with the soundest practical advice for the preservation and restoration of health, a large amount of interesting and amusing light reading, and the calendar, astronomical calculations, chronological items, are prepared with great care, and will be found entirely accurate. The issue of Hostetter's Almanac for 1883 will probably be the largest edition of a medical work ever published in any country. The proprietors, Messrs. Hostetter & Smith, Pattsburgh, Pa., on receipt of a do not produce sickness at the stomach, two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood.

George Washington never told a lie; but it must be remembered that he In GGNSTIPATION they entered politics when the country was cleanse the stomach and very new.

Pure cod hyer oil. from selected livers, on the seashore, by Caswell, Hazard & Co. N. Y. Absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians declare it superior to all other oils. Chapped hands, face, pimples and rough

skin cured by using Juniper Soap, made by Caswell, Hazard & Co., New York,

Scene in the auditorium of a theatre Actor (who has appeared in the first piece)—"Good evening! May I take the seat next you?" Lady—"Certainly; but don't you appear any more to night?" Actor-"No." Lady-"Oh, am so glad. Pray sit down."

RESCUED PROM DEATH. William J. Coughlin, of Somerville, Mass., says: in the fall of 1876, I was taken with merrouse of run luxus, followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead.
I gave up hope, but a triend told me of DR. WIL-LIAM HALL'S BALSAM FOR THE LUNGS. I got a bottle, when to my surprise, I commenced to feel better, and to-day I feel better than for three BAKER'S PAIN PANACEA cures pain in Man e
