A good cooling dressing is tour youd the house about builf a mile, in the grains of sugar of lead, dissolved in one empty baskets. This was too much for may be used instead of the lead. A rag the namesake of the immortal patriot, saturated with the solution should be bung He owned up, and said: "Gentlemen, I cannot tell a he-1 stoled dat cotton, conidu't help it. It wasn't my fault. It was Mr. Odum's fauit, He had no busi ness to put dat cotton so fair to be took, I can't tell no lie 'bout it, I took dat cotton, and the only thing dat troubled me at the time was dat my waggin wasn't me at the time was dat my waggin wasn't past 6 months a fraction over five pounds big enough to take all dem baskets. I'd of butter per week of first-rate quanty. a tuck all seven if I had been had room He cites also the case of a cow m in Berkin dat one-horse waggir. It was Mr.

According to one or the natives, now a professor in an English college, the Icelanders live very simply. "We are a spare folk," he says, "I was always spare folk," he says, thin and pale in my youth. And, after all, food is not everything; the English, perhaps, make too much of their dinner. Dinners are good, but there is better enjoyment in health of body and a contented mind," He goes on to say that in his young days, his people lived spar-ingly and healthily. He never tasted wine until he was twenty-two, or beer before he was grown up. "Milk and whey, or water, were always to be had, and we did not wish for more," he says, On his father's farm, in his youth, were two Onagi, or poor people, who had been poor. One of them was an woman, the other a young girl of his own age, who became a kind of fostercup," he writes, "and cat of the same from the car h when they are being swept made to do all manner of errand-work.— the signal service officer who recently aca pitcher of water from the brook, or to journey from Chicago to Wisconsin swamp land; in short, we went to and fro like a | are counted until the echo from the ground weaver's shuttle; in Winter we would is heard. with good advice, "I'd cut it up into building lots, sell 'em and make enough to live easy the rest of my life." But if I was sure you had as much faculty to manage your own business as you have facility to give advice to others would lend you that \$1,500 you asked for yesterday." And the train rolled on and the florid gentleman changed his

Skill in the Workshop,-To do good work the mechanic must have good health. If long hours of confinement in close rooms have enfeebled his hand or dimmed his sight, let him at once, and before some organic trouble appears, take plenty of Hop Bitters. His system will be rejuvenated, his nerves strengthened, his sight become clear, and the whole constitution be built up to a higher working condition.

WhistLing for money: 'You must stop that whistling, my little boy. Why do you make such a noise, when you know that manma's head aches?"
'I am whistling for money." "Whistling for money!" said the mother: "who put that idea in your head?" "Well, I heard papa say this morning, when he started for the office, that if you expected any money for a sealskin sacqve this winter you would have to whistle

The Secret of Living. Scovill's Sarsaparilla or Blood and Liver Syrup will cure Scrofulous Taint, Kheu-matism, White Swelling, Gout, Gottre, Consumption, Bronchitis, Nervous Debili-ty, Mairia and all other diseases arising from an impure condition of the blood.

The ments of this valuable preparation are so well known that a passing notice is at necessary to remind the readers of this journal of the necessity of always having a bottle of Scovill's B'ood and Liver Syrup among their stock of family necessities. Certificates can be presented from many leading physicians, ministers and heads of families throughout the land indorsing it in the highest terms. We are constantly in receipt of certificates of cures from the most reliable sources, and we do not hesitate to recommend it.

the man in the easy-chair, "that my wife and I are the most contented couple you ever saw. We never quarrel about anything. She is always willing to get up in the morning and build the fire, and I am always perfectly willing Carboline the deodorized petroleum hair renewer and restorer, as improved

As Oil City young man, who is keeping company with one of the school ma'ams, calls her Experience, because experience is a dear teacher.' *Women that have been bedridden for

years have been completely cured by the use of Lydia E. Pinkham's Vegetable Compound. One method to mend a rubber belt is to nelt common ising lass in water, the same

as ordinary glue; add a little accobol and apply hot. Another is, equal parts of shellac and liquid india rubber, the shellac to be dissoived in alcohol by putting both in a tightly-corked bottle, standing in a warm place, and shaking occasionally. It should be quite thick. After a rubber belt has begun to wear out it is better and cheaper to get a new one than to mend it.
