all sorts of anusements made me a expression of his countenance that I never should be asked to ride behind his

requisition; it was 'Jack' who took the lead at our merry gatherings, who filled the gap with some audacious gossip when nobody knew what to say, who was afraid of nothing—who was, I am with the laugh and the jest were going round, who is the some audacious gossip rather sorry to add careless of consemy father, in his homely, patched "But I was happy; nobody can ever take that consolation from me, I never quences, so that she had a good time.

take that consolation from me. I never sighed for what was unattainable. Fair weather or ford washing or baking, at weather or toul, washing or baking, at death. home or at the country-side parties, I was always at peace with the world, to-day? "The horses ran," I said, with a touch though my one best muslin gown had done duty for several years." "Oh, grandma! what would you have

to oot. thought then of a pink satin reception tall? dress, and everything to match, like the one I am having made?" exclaimed

Li y. "Shouldn't a' been a bit happier, my dear; couldn't a' been," was the calm response. "Besides; young girls never wore satm in those days, bless you!plain white mult was considered dressy enough, with flowers, which, to my taste, are prettier than jewels and day. And now 1 am coming to how I ran the toll. Ned Hamilton was considered one if you can, how I felt, of the best young men in town, He would a' been handsome but his nose was too thin and his eyes were too close together, though they were fine eyes. At all events, he was a great favorite, and the girl who secured him for a partner considered herself fortunate. Nobody treated him just exactly as I did, for I would tell him to his face that he was conceited, though secretly I did

time before I recovered my spirits. "1 have no doubt it lost me Ned feel flattered by his attention. 1 sup-pose the great Rosedale farm had some-Hamilton, too," said the old lady, with and the handsome carryall. Perh ps 1 Was subtiture and didn't matter much. He left out that was ambitious and didn't exactly know it; for to tell the trath, when I did think of him at all seriously it was the big in more have dared to say her soul was him. To be Mrs, Hamilton-the name her own than she would have dared to was a good one-to step from our homely one-story house into a grand old mansion, where the furniture had stood for a hundred years-that was some-thing for a poor man's child to achieve, thing for a poor man's child to achieve, she may have gone where they don't I was very proud and happy when he showed me any unusual attention. It need bonnets, "However, I was cured from tha

did stir what vanity I had to see his time of my thoughtless pranks. I want team at our cottage door, to pass our to work and soon paid back the \$5, and acquaintances seated beside him, to be singled out at parties-me in my plain dress, with perhaps only a rose at my more than that, 1 paid off the mortgage on our little home, in time." "And then you married grandpa?" throat and another in my hair."

"Now confess that you were hand-some, grandma," said Lily. "That's not for me to say, my dear,

though I believe they did call me rather pretty. One day Ned Hamilton invited me to go with him to Silver Spray, a beautiful water-fall, six miles away. 1 was particularly pleased with the invi-tation just at that time, for matters at home were complicated, and the atmosphere was not agreeable. Father had been paying money on a mortgage, and that always made him cress-not cross exactly, but very, very mizerable. The sight of his sorrowful face and the sound of his depressed voice caused us all to

at the house of Judge Mins. They only gave one a year, on the cecasion of Meeny Mill's birthday. Poor Meeny! A homeher girl never liven, but the judge was rich, and she wore all the A homeher girl never liven, but the judge was rich, and she wore all the latest fashions, so perhaps she never realized how plain she was. I had been there, wishing, for a wonder, that I

hever troubled me, nowever, I was too happy. Only give me plenity of fun, plenty of sunshine and nothing seemed hard to me. It imparts an air of vulgarity; the lady slept peacefully during the and also a too elaborate arrangement of the hair, which makes the head appear to be all shapes and sizes. The comp-lexion must be considered for a picture; be and shapes and sizes. The comp-lexion must be considered for a picture; be saw that her hair, instead of being

Blondes can wear lighter colors than black, as when she went to bed, was Biondes can wear lighter colors than brunettes. The latter will "take" best in dark colors, but neither blondes nor brunettes should wear positive white, Violet contrasts of colorsspoil a picture unless it is tinted. The best of all dress-rect, when at that moment her eiderly es for a blonde is black sitz. Not cash- companion, who had already dressed mere or merino, or any mixture of cotton. and gone down stairs, entered the A good effect is obtained from the shim-mer of the silk, which is full of submer of the slik, which is full of sub-dued yet reflected lights. A dead-black dress without gloss, appears like a blotch, and a dead-white is too flat, like a card-board. A combination of black lace over white is effective and uncommon. Nothing is better for any type propriate places, and again quietly than sealskin or velvet. It gives soft-

Blondes suffer most in pictures. They Glass Houses, should always powder their hair white. It is certain that the glass houses o

when illusions are sometimes necessary.

ndustrial Umon of that city.

-The total production of iron and steel rails last year was 1,688,794 net tons, or 1,507,851 tons gross, a falling off as compared with 1881, of 8 per

-Mr. Dennis, the British antiquartan, has bought the site of the temple of or other causes, have found that their hair has turned white in a single night. Cybele, at Sardis, Asia Minor, and great hopes are entertained of the discoveries among the ruins.

-Saint Gaudens, the well-known culptor, has modelled a colossal basrelief of Dr. Alexander Vinton, to be placed in Emmanuel Church, Boston, where he has so long officiated,

-Lords Wolsely and Alcester have hady, who retired at her usual hour, studded with jewels, and cost \$8750 each.

-William Beach Laurence bought a farm at Ochra Point, Newport, forty years ago, for \$12,000, which having een cut up into building lots and sold has netted the Laurence family \$800,-000.

-During 1882 over 1,200 electrica and were acquainted with the appearpatents were issued. The electrical division is the largest in the patent office. Considerable attention is now eing given by inventors to secondary r storage batteries.

-The Moody Church, in Chicago, built during the Moody excitement in that city some years ago, has a Sunday school which, perhaps, is the largest in the country. Two thousand names are enrolled on the school register, and the average attendance is fifteen bundred, -In 1881 there were examined in the Municipal Laboratory, Pars, 3,001 samples of wine, of which 271 were found to be good, 991 passable, and 1,-731 bad. In the first five months 1882, 1,869 samples were analyzed, of which 372 were good, 683 passable, and 814 bad-145 of the latter being very injurious.

-The Census reports show that during the census year, the railways of the country transported 290,897,395 tons freight, for an average distance of 112 miles, at a cost of 0,76 cents a ton per

mile. The passengers numbered 269, 583,340, carried an average of twenty-

three miles, at an average cost of 1.71 cents per mile. -The moving bog in the vicinity of

Castlerea, in Ireland, is advancing rapidly toward that town, Several thousand acres of land are submerged, mills are stopped, bridges are choked up, and agara to traffic on the road from Ballin Castlerea is now suspended. The bog at Bastlick, which moved some time ago, works; they are large, and of excellent form and workmanship ; but the glass —The Scotch production of pigiron, for ground of pillars, baiustrades, snow is somewhat impure, of a greenish tint, is somewhat impure, and strice, and 1,126,000 gross tons, a decrease of 50, storms, woods, waters, or anything that tends to make the figure ridiculous-like those in swings or boats. People would look equally pretty in baby jum-pers or balloons. A plain background is better, unless in the case of an actor, manganese) was found in Egypt, with-out which the valuable colored glass against 397 000 tons in 1881, though could not be made. It is also related the consumption in Scotland was 345,

ness and depth of color.

A MASTERPIECE in bronze ordered for

Mr. ____who was in Company K of the ____Indiana Regiment during the war." "The same man, Judge," was the answer. "You need go no further, Mr.

Rollins," said the Judge, "the divorce is granted," and judgement was entered accordingly for the plaintiff. After Court adjourned the Judge was joked about the hasty entry of the judgement,
