New Tragedies.	AGBIO
Why doesn't McCullough produce e new plays?"	How MUCH ASH

"For two reasons," replied Mr. Price, the tragedian business agent. "First, he doesn't need them, second, he has be doesn't need them, second, he has not found anything that thoroughly justifies the risk. The number of plays submitted to him is channel of plays submitted to him is almost incredible, Two of your Detroit dramatists have thought they could fit him, but they good so far. This will be in presented don't seem to have taken the right nessure, although each play was of in the past two months McCullough has read eight traggebra withen read eight tragedies written expressly for him, and there were scor s before them. 'Memnon,' by young Carleton, of Chicago, read so well that Mr. Meof Unicago, read so well that Mr. Me. Cultough made a conditional payment on it; but the piece is largely spec-tacular, and will require thousands of dollars to mount it; so the risk seems hardly justifiable. Of all the plays submitted within the past year the one deserving the most serions considera. deserving the most serious considera-tion is Timayensis' tragedy, 'The Wife of Miletus,' founded upon one of the control of t

and the heroine is Siva, wife of Contion is, will it act well?"

What is the theme?"

FOT

"The two leading principles embodied in the leading roles, are the ideal or spiritual and the realistic or natural. Hervor presents the highest standard the ground all winter, and it furnishes of morality, aided by the spiritual or religious-the principle of manhood, honor, fidelity to the law of the spiritual. Siva is the poetic incorporation of the uncenscions, instinctive, and, there- well pleased with the results of this manfore, fatalistic nature of woman." "Rather over the heads of the average choke plantation,

play-goers, isn't it?"

comprehension of the masses. The new tragedy, however, seems to be may save it,"

"Who is the author?"

the old repertorre?

"A Greek named Prof. Timayensis, of Brookiyn, who has been engaged in when not so carefully managed, and the bit of probaby h, who has been engaged in literary pursuits in this country for ten years. He has contributed nearly two hundred articles to Appleton's Encycle-pedia, and his works on Greek litera-use of the hoe, and well manured, they ture have passed through several will become solid, but when sown broadeditions. He is a dull, heavy, gross-looking man, and resembles a butcher large quantities of tender leaves. looking man, and resembles a butcher more than a literary character. If Mr. McCullough could be convinced that

would give it a trial.' "Cannot that be determined?"

"By nothing less than actual repre-to the bees. A dry, dark, frost-proof sentation. Before McCullough pro-cellar or room, of a temperature between duced Wingheld's 'Bondman' he was in 35 and 45 degs. F., will form the best love with it, but it proved a flat failure. winter quarters for bees, and if such a In less than a week the receipts dropped place can be secured, the nearer it off to \$400. Conrad's old tragedy, comes to the standard the better. If 'Jack Cade,' was substituted at twenty-

four hours' notice to a \$1,200 house, should surround the hive, leaving on all That doesn't look as if the puble want- sides a space of a foot to be packed ed new tragednes." with chaff or dry straw; a wooden tube "Then McCullough is satisfied with may lead from the entrance of the hive

"Rather say the public is satisfied with it. They prefer him in the standwith it. They prefer him in the stand-ard plays like 'Virginus,' and 'The Gladhator,' but I suppose he has a very handahike and natural desire to control. Year under wheat 2,600,000 acres, Amerlaudable and natural desire to contribbute something to the advancement of dramatic literature, and to produce America; 2,300 000 under barley, which something that will live after bim, as is about the acreage in this country. 'Jack Clade' and 'The Gladiator' have America has 64,000,000 acres under lived after Forrest, No! The public hved after Forrest, Nol The public will go to see Mr. McCullough in the old plays. He plays to the capacity of every theatre he visits. I think you

IS TO THE ACRE. -The

characters is Hervor, chief of the Gauls, and the heroine is Size wife of Con. Agricultural Oslege. The method of stans. The play is unquestionably great management has been to have a small in a purely literary sense, and seems to be intensely dramatic. But the ques-tion is wine pens, upon which the breeding sows were turned early in the spring, and allowed to hervest the roots for themselves. The crop is thus grown with very little labor, since it requires

ULTURE.

no harvesting, the roots remaining in succulent food for the sows just when it is most needed and most difficult to obtain from other sources. Professor Johnson, Farm Superintendent, is so Snow PUDDING .- Take a little more agament that he is colarging the arti-

y-goers, isn't it?" It is safe to say that the marge of I confess I am afraid so. 'Daniel deners near our large cities realize grea-Rochat,' produced at the Union Square by Thorne and Jewett, was beyond the comprehension of the masses. The new tragedy, however, seems to be stands not only quite a low degree of pregnant with dramitie action, and that cold, but also the heat. If the plants are partially protected by being set out on the suany side of ridges, they pro-

gress much more rapidly in growth than sert use of the hoe, and well manured, they

To test the purity of water, put hali a pint in a perfectly clean bottle; then add a few grains of lump sugar; make tight—a glass stopper preferred. Place the bottle in a warm, well-lighted room. If it remains clear after an exposure of eight to ten days, it is rate to use; but if it becomes turbid it is surely impure

and unsafe to drink. An effective medicine for kidney fevers and nervous prostration, and well of a trial, is Brown's Iron Bitters.

School Teachers,

Mr. H. L. SOPER, principal of the High School at Poquoneck, Conn., says in relation to a matter which has given him much anxie-ty and pain : "My wife and I have both used ty and pain: "My wife and I have both used Hunt's Remedy, and find it really a superior article. A year or so ago my kudneys became weak and sluggish, owing to a severe strain, and finding relief in Hunt's Remesly I con-tinued its use until I had used four bottles, when I became well. Since my cure I have suggested its use to a great number of people, who I know have been benefited by using it." And to substantiate this statement Mr. H who I know have been benefited by using it." And to substantiate this statement, Mr. H. S. Clark, a sistant superintendent of the High School, says: "I can certify to the value of Hunt's Remedy, having received great benefit from its use. My troubles com-menced twelve years ago, when my kidneys became afflicted with inflammation of the passages, but the timely use of so valuable a medicine arrested the disease. I can now cheerfully recommend it to all suffering as I was." May 31, 1883.

Telegraph Item. UTICA. June 9, 1883.

FRANK W. HOFFMAN, clerk of the American District Telegraph Co., says: "Having had occasion to use a medicine for kidney trouble with a lame back, I was recommended by one of our Ufica druggists to use Hunt's Remedy, as he had sold a good deal of it to Remedy, as he had sold a good deal of it to many of our leading families here with great success for kidney, liver and urinary trou-bles. I purchased some, and have only used three bottles. It has cured me, and I can truly recommend Hunt's Remedy to any one in need of the best medicine for these com-elating "
