Miracle that Took Place in our Midst Unknown to the Public---The Details in Full. (Defroit Free Press.)

One of the most remarkable occurrences whites and one large enp of sugar unever given to the public, which took place til light, then add half a cup of butte here in our midst, has just come to our and beat all until hght, then put in mowledge and will undoubtedly awaken half a teacupful of sweet milk. Put as much surprise and attract as great atthe baking powder with the flour, in tention as it has siready in newspaper cir-cles. The facts are, briefly, as follows : about the proportion of two teaspoon tuis of powder to two cups of flour. Stir Mr. William A. Crombie, a young man this in a little at a time, and give it all formerly residing at Birmingham, a suburb a good beating before putting it in the of Detroit, and now living at 287 Michigan ins; flavor to suit yourself. It is a good Avenue in this city, can truthfully say that plan when making mee cake to bake ittle bit of the dough in a patty pan, before trusting the rest of it in the he has looked into the future world and yet returned to this. A representative of this paper has interviewed him upon this oven; then you can see if it needs any important subject and his experiences are attention. Sometimes the flour and given to the public for the first time. He sugar vary in thickening quanties, and exact results cannot be obtained without this precaution. If the cake is too light, add a little flour, carefully sifted in. If it is tough a little milk and a

"I had been having most peculiar sen tions for a long while. My head felt duland heavy; my eyesight did not seem so clear as formerly; my appetite was uncer-

tain and I was unaccountably tired. It was an effort to arise in the morning and yet 1 could not steep at night. My mouth tasted badly, I had a faint all-gone sensation in the pit of my stomach that food did not satisfy, while my hands and feet felt cold and clammy. I was nervous and irritable and lost all enthusia m. At times my head would seem to whirl and my heart palpitated terribly. I had no energy, no ambition, and I seemed indifferent of the present and thoughtless for the future. I tried to shake the teeling off and persuade myself it was simply a cold or a little malari But it would not go. I was determined not to give up, and so time passed along and all the while I was getting worse. It was about this time that 1 noticed 1 had begun to blost fearfully. My limbs were swollen so that by pressing my fingers upon them deep depressions would be made. My face also began to enlarge, and continued to until I could scarcely see out of my eyes. One of my triends, describing my appearance at that time, said : "It is an animated something, but 1 should like to know what.' In this c nditi n 1 passed several weeks of the greatestagony. "Finally, one Saturday night, the misery culminated. Nature could en lure no

more. I became irrational and apparently inse sible. Cold sweat gathered on my forel.cad; my eyes became glazed and my throat rattied. I seemed to be in another sphere and with other surroundings I knew nothing of what occurred around me although I have since ica ned it was considered as death by those who stood by. It was to me a quiet state, and yet one of great agony. I was helpless, hopeless and nain was my only companion. 1 remember trying to see what was beyond me, but the mist before my eyes was too great. I tried to reason, but I had lo t all power. I felt that it was death, and realized how terrible it was. At last the strain upon my mind gave way and all was a blank. How long this continued I do not know, but at last 1 realized the presence of frien is and recognized my mother. I then thought it was earth, but was not certain. I gradually regained consciousness, however, and the pain lessened. I found that my friends had, during my unconsciousness, been giving me a preparation I had never taken

before, and the next day, under the iofluence of this treatment, the bloating began with a bit of cotton cloth tied to the to disappear and from that time on I steadily improved, until to-day I am as well as end of a stick. This distributes the THE VOICE -A fact that should be gravy better than a spoon does. The ever before in my life, have no traces of he terrible acute Bright's disease, which so nearly killed me, and all through the wonderful instrumentality of Warner's Safe Cure, the ramedy that brought me to life after 1 was virtually in another world." pans, especially the finted Turk's-heads. "You have had an unusual experience, Mr. Crombie," said the writer who had been brea blessly listening to the recital. "Yes I think I have," was the reply, and it has been a valuable lesson to me. I

For Twenty Years.

AN IMPORTANT OPINION BY AN EMINENT Functional derangement of the femal system is quickly cured by the use of Dr. R. V. Pierce's "Favorite Prescription." It NEW YORK JURIST. A correspondent of the Syracuse (N. Y.) removes pain and restores health and strength. By all druggists. Journal sends his paperan interesting inter-view with one of the leading justices of the ereme court of the State of New York,

om which we quote : "Yes, sir, I have been on the bench for Or course the bonanza kings want to "Yes, sir, I have been on the termissed an ap-olution of the second second second second second second "In the spring of the year I make it an avariable rule to help nature 'clean house,' y using a standard blood purifier, and to be lattichate my extraordinary vigor. I shake the wives of their youths and marry others. You see it takes one kind of a wife to help make a fortune bis I attribute my extraordinary vigor. I in nearly seventy years old." This man is a philosopher as well as a urist. The early spring is nature's "house-leaning" time. Then the blood is full of

he impurities of the long winter. Nature needs assistance in this work, for if the purification be not complete the system is purification be not complete the system is liable to attacks of pneumonia, chills and fever, malaria, rheumatism, liver and kid-ney and blood disorders, headaches, bowel derangements, and the debilitating effects of summer heat. The use of a pure vegeta-ble, non-alcoholic preparation is then all-important.

"No, I should not like my name to b used publicly, but you may say," said the jurist, "that the only medicine I use is Dr. David Kennedy's Favorite Remedy, of Rondont, N. Y.-a most excellent prepara-tion, which I always warmly commend to my triends everywhere."

ant to take, cures in ninety per cent. of cases, and can harm no one. It challenges the fullest comparison as a preventive and curative. It is purely vegetable, non-alco-holic, and can be used with the utmost safety by children and adults. We do not that it has the cordial indorsement of the best physicians and the public.
