terials at hand. A popular form For centuries credulous girls have bered that special privileges would accrue with straw. Whenever it is practical to them every fourth year, and blighted approximates have looked anxiously, though in these shelters are located on the east or south sides of a forest or hill, in order vam, for some one to set the fashion.
Timed backelors and experienced widow that the force of the winds may be broers have quadrennially shuddered and ken as much as possible. In the West quaked in an aptrobaneou of a danger which they had feared all their lives, but had so far escaped. Intrepid youths calm in the convaction of being able to protect themselves, have willfully gone into the way of peril. But despite all this blushing and trendling and swaggering and sighing, shelters are of of great length, and rothing has ever come of leap year. It remains to day, what it has been as far book as history reaches, the most absurd and inexensable bunding in the list.

made to curve so as to protect from northwest and east winds. The framework is made of poles set in the ground in rows, about sixteen feet apart, and

The only feminine advantage taken of twelve teet apart in rows. Cross beams the lcap year privilege has been taken by or poles spaked to these to hold a frame persons who are quite as willing to repeat of lighter yoles, and others placed slope performance in any other year. Nothing is changed. The relations between the of hay are spread over these frames. sexes are not so much as stirred into a ripple. The world moves and society is down its tranqual stream just as if no such institution as lesp year had ever been mentioned. From time to time one hears a fittle week-minde I talk concerning some and for the bottom of small stacks, placed near enough together so that an projected leap year manifestation, such as a German or a source, where, it is expected, the ladies will make the overtures, ask for dances, and, generally, to act a part for which they are utterly unfit by nature, by custom and by education. But these feeble effor's to galvanize-not a corpse, for it never was alive, but to galvanize a chimera-these efforts, we say, invariably dwindle away, just as a missaken smile fades upon the face of the suddenly enblown away with the small outburst of simulated gayety which prompled them. They are, in fact, as idle and insincere as he tradition itself is freudulent.

No well regulated person has any teller in or respect for the sertimental aspect of leap year. No girl who as pretty and at ractive feels disposed to reverse the natu mi order of things and to seek instead of being sought. No girl who is pretty and attractive, and at the same time judicious, is going to abdicate her privileges and outrage her inclinations merely in order to account odate girls who are not pretty at d attractive. And as for men, does any sans human being suppose that they would countenance innovation! Does any ore suppose that a desirable and ornaments society back would venture to an entertamment if he knew that he might at any moment be borne down upon by any sere and yellow damsel who chose to mark him. for her pres?

It Overcame Him,

Before the Hale & Norcross fight can e on in San Francisco-this is tracitton, almost-there arrived in town a dissiputed miner who had worked in the nine. He was pretty badly d wr, ap parently, but he went into a broker's office and siter being told to get out that he was going down to Mexico prosnecting, and he would like to have it to be dealt with as the broker led six years rgo, and some of them saw fit. He was not heard of fer morths. twelve inches in diameter, will make Hale & Norcross went up to \$12,000 a foot. One morning the broker found the dilapin ted miner on his doorstep the condition in which he now has his or rich milk, the yelks of eight eggs. one-half a cord of wood per tree. In fruits and vines, this enterprising growminer rose and said: er on a small scale states that he can

"Well, I'm here, I thought I'd come and see you. I suppose there and the make a fiving for himself and family, nothing left of that H. le and Norcross. His family consists of himself, wife, and I guess you must 'a sold it out; but I'm down, an' I am't got a cent. Maybe you'd land me our bits to get a lit of breakinst?"

Pain Makes Life Miserable. herefore the inventor of "Anakesis, the infallible pue remely, deserves a monument at the hands of a million of relieved sufferers. Of all adretised remedies this has for 25 years stood alone as a real specific invented by a doctor, endorsed by the profession and having no enemies. In fact "Anakesis" does all that it promises. Any sufferer with pales may test it free of expense by sending to P. Neuwe her a Co., box 2416, New York City for exemple. A young actor, who is not remark

able for his modesty, has a very bad cough and cold, "Ah," says the manager, "you have a cold." "Which proves once more," replies the actor, smiling, "that actors are simply mor-

Ca'arrh. -For fifteen years I have been greatly annoyed with this disgueing disease, which caused severe pain in my head, continual drepping into my throat and un-pleasant breath. My sense of smell was much impaired. By a thorough use for sixth months of Ely's Cream Balm I have entirely overcome these troubles. J. B. Case, St. Dems Hotel, Broadwa and 11th

Depend upon it that if a man talks of his misfortunes there is something in them that is agreeable to him; for where is nothing but pure misery, there never is any recourse to the mention of

The clouds may darken o'er the sun, Yet rivers to the ocean run. The bald and gray may live screne By using the famous Carboline.

If you are willing to be as pleasant and as anxious to please in your own home as you are in the company of your neighbors, you would have the appiest home in the world.

We are glad to hear Dr. Elmore, 105 Wil. his wonderful R.-G. to \$1.50 for 35-oz., and \$1 for 21-oz. bottles. All may get cured now. Expressed everywhere, safely packed.

FOCIETY is very queer. The people ost sought after are those who pay their debts. For overgreta, two as next depression of spir

its and general debute, in their various forms; also as a preventive against fever and ague and other intermittent fevers, the "Ferro-Presphorate-Elixir of Callsaya" made by Caswell, Hazard & Ca. New York, and sold by all Druggists, is the best tonic; and for patients recovering from fever or other alckness, it has no equal. -A boy in New York bought and

ead five-cent novels, and then deliberately murdered his employer-all in SUDDES CHANGES OF WEATHER AN

he use of Brown's BRONCHIAL TROCHES Price 25 cts.

-A Chinese doctor in San Francisc has a practice and drug trade worth \$70, 000 a year. The best and oldest medicine for cure of liver clseases is Dr. Sanford's Liver Invi-

Chrolithion collars and cuffs are cheapest in the long run. They wear longer than any other, and you save cost of washing. -Lleweilyn Powers, the Maine mag nate, owns 140,000 acres of timber land

in that State.

Health of Body is Wealth of Mind

DR. RADWAY'S

Sarsaparillian Resolvent THE GREAT BLOOD PURIFIER

Radway's Sarsaparillian

Resolvent. A remost compaced of ingredients of extraormany medical properties, exsential to portry,
heal repair and invigorate the broken-down and
remod body—QUICE, PLEASANT, SAFA and PERAEMER' In he treatment and cure.

No matter by what name the complaint may be
foreignated, whether it he acroficia, consumption,
applitia, sincers, sorres, tamors, bodis, styrapeles, or
east re-chim, diseases of the lungs, kinkers, mander, routh, skin, liver, stomach or howers, after
chronic or constitutional, the rirne into the Blood
which supplies the waste and builds and repair
these organs and wasted times of the grater,
if the brood is unbeautily, the process of repair
must be assessed.

The Sersaperillian Resolvent

pot only is a compensating remedy, but seems the harmonious action of each of the organs. It establishes throughout the entire system functional harmony and supplies the blood reads with a pure and healthy current of new life. This Skill, after a few days use of the Samaparillian, becomes clear and beautiful. Pimples, histones, black spots and him cruptions are removed; some and stores showered. Persons and crime from scrotial, crupting diseases of the eyes, mouth, earn legs, throat and plands, that have accommished and spread, clime from moured diseases or mercury, or from the new moured diseases or mercury, or from the new of corrows sublimate, may rely upon a current the Sarasparillian is continued a sufficient time to make its impression on the system.

One bottle contains more of the active principles of Medicines than any other Preparation Taken to leaspoonful done, while others require free or air times as much.
