

Farmers' Clubs.

There is a class of farmers who attach no importance to association, usually regarding the teachings of the meetings as theory, when in fact the discussions are based on facts and practical experience.

Let the horse's litter be dry and clean underneath as well as on top. Standing on hot, fermented manure makes the hoofs soft and brings on lameness.

Change the litter partially in some parts and entirely in others every morning. Brush out and clean the stall thoroughly.

Let the heels be well brushed out every night. Dirt, if allowed to cumber in, causes grease and sore heels.

When a horse comes off a journey the first thing is to walk him about until he is cool, if he is journeyed in hot. This prevents him from taking cold.

Let the horse have some exercise every day, otherwise he will be liable to fever or bad feet.

Let your horse stand loose, if possible, without being tied up to the manger. Pain and weakness from confinement is a frequent cause of other diseases.

Look often at the animal's legs and feet. Disease and wounds in these parts are all neglected, soon become dangerous.

AGRICULTURE.

NEVER allow any one to tickle your horse on the side. The tickle only feeds the torment and does not understand the joke.

Let the horse's litter be dry and clean underneath as well as on top. Standing on hot, fermented manure makes the hoofs soft and brings on lameness.

Change the litter partially in some parts and entirely in others every morning. Brush out and clean the stall thoroughly.

Let the heels be well brushed out every night. Dirt, if allowed to cumber in, causes grease and sore heels.

DOMESTIC.

TRUTHFULNESS.—The best known among the Turkish rugs are those manufactured at and near Smyrna; brilliant in color, with chiefly turquoise blues and reds bordering on the cardinal but from and very successfully imitated, and exhibiting little ingenuity or novelty in the design, a stereotyped conventionalism of uncounted pots holding unknown plants, apparently akin to the motifs of the rugs on Assyrian monuments, appearing on nearly all of them.

Let the horse's litter be dry and clean underneath as well as on top. Standing on hot, fermented manure makes the hoofs soft and brings on lameness.

Change the litter partially in some parts and entirely in others every morning. Brush out and clean the stall thoroughly.

Too Much Sugar.

A mother often complains that her child is troubled greatly with a sour stomach, but this case is no longer mysterious when the mother, to quiet the little one, so she sets down before her a little dish of sugar, from which the child may help itself.

Let the horse's litter be dry and clean underneath as well as on top. Standing on hot, fermented manure makes the hoofs soft and brings on lameness.

Change the litter partially in some parts and entirely in others every morning. Brush out and clean the stall thoroughly.

Let the heels be well brushed out every night. Dirt, if allowed to cumber in, causes grease and sore heels.

HUMOROUS.

A GOVERNMENT agent, who was sent to Wisconsin last fall to look up trespass cases on Government lands, was out on his travels one day, when he found a man chaffing over a game of cards.

Let the horse's litter be dry and clean underneath as well as on top. Standing on hot, fermented manure makes the hoofs soft and brings on lameness.

Change the litter partially in some parts and entirely in others every morning. Brush out and clean the stall thoroughly.
