The past six weeks of financial racket in financial centers has been hard on the greenback cause. Butler and his friends should get out of the wet by coming over to Blaine and Logan, for the past six weeks of financial racket has demonstrated the fact once again to all the world that a fortune in paper is not the best to have. A number of men counted their paper bonds by millions, but when they came to realize on them instead of dollars they were worth only a few cents on the dollar. The over-estimated value among N. Y., financiers has been equal to \$1,500,000,000. It is nt hard to inflate a man to be a millionaire, but to be one with the solid property to establish it to all the world is quite an of eighty-seven.

The Republican party has always been in advance of the Democratic ty-one party in its advocacy of the enlargement of the rights of the people to govern, and as it progresses toward a more perfect voicing of the people in the choice of candidates for office it pulls the Democracy with it. The kers, fourteen; butchers, servants and chester and other English cities was in 18-Democracy are still a long distance tailors, eleven each; jewelers and mi-ventions so ruled that delegates to chinests and journalists, eight each; the National convention should have school teachers and speculators, nine they pleased, and denied the right of a state convention to bind all delegates to vote as a unit for a candid-number of judges, gamblers, cigar maate for the Presidency, and under kers, drug clerks, postmasters and watthat just rule, every delegate could ters (five each) took their own lives. vote for whomsoever he pleased rule, and the rule of the Democratic place in the doleful record. HALL'S VEGETABLE Hair Renewer.

Seldom does a popular remedy win such a strong hold upon the public confidence as has HALL'S HALL RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the

scalp, are innumerable. Old people like it for its wenderful power to restore to their whitening looks their original her and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandrolf away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.
