done. It must be done accurately, by the regularly constituted authori ty of York State, and the verdict will stand as the guide for the action of every law abiding citizen. Because the vote is a close one it does not nuccessarily follow that frauds have hern committed. The majority vote, if legally cast, is the political foundation stone of the Republic, and York S sic must settle the question of a eleve vote honestly, peaceably, in accordance with the forms of law, and electors of the Empire State by a majority of one vote he becomes the lawful President of the Republic, and if Jamas G. Blaine is entitled to the electors of the Empire State by a majoriey of one vote he become the lawful President of the Republic. He who does not peaceably submit the verdict of the ballot has been honestly rendered by lawfully constituted return judges, or canvassing boards, is an enemy, ignorantly or knowingly, of free government, As we go to press no information is at hand of the result of the count of the return judges or canvassing boards of the vote of York State, on the eleventh day of this month -There is no need for excitement, or expression of violent language. It is a long time till inauguration day. All that the people care about is that the vote of York State be honestly counted and given to the electors to Beale ...... whom they belong. Men of hasty temper and ungnarded expression, and men that have been misinformed repeat, some times, in these days so remote from Thompsontown 29 41 the time of the campaign of Hayes and Tilden, that Hayes was seated by fraud, and that Tilden was count ed out. It was the plan of Tilden and his friends to settle the dispute by an Electoral Commission, and accept the electoral vote as it might be sent up from each State properly endorsed by the State officers. Tilden and his friends could not then have Miflintown ..... afforded to look into the returns of Port Royal ... the districts of the respective States. ty to have compelled the rejection of Beale ...... 109 93 jority in the Electoral College.
