TO OUR SUPPORT AND BY UNITED EFFORT A SPLENDID VICTORY IS WON.

There is a vast difference between promising to do and doing. When SCHOTT promises to sell Clothing at less than others ask for inferior goods, we have both the goods and the prices to back up our assertions. Somebody, with more pugnacity than discretion, has seen fit recently to slur us in regard to offering people baits. It seems to us we must have had a desired effect. So to all such, we say, "Keep it up!" If it amuses chickens 15c per lb. Live spring chickens you, it don't hurt us. Ever since the creation of the World, dogs have been barking at the moon, but the moon is not any the worse off. Just so with the attacks upon us. Because we were not in the Clothing Business in Mifflintown when the MAYFLOWER reached this country, is another terrible charge brought against us. We plead guilty. We have not been in the Clothing Business a quarter of a century, and that is just the troub le; you will find no war goods in our store, you all know that goods were 50 per cent higher in those days than they are now. Selling this old stock At COST! will still be a profit of 45 per cent. more than to-day you can buy new goods for. Times change, and he is a wise business man who keeps up with the times. We are full of energy and push. You will find old foggvism with those who have been in business a long time. We mean to stay at the top of enterprise, and liberality will enable us to do so.

No matter what kind of a Suit you want we can make it for you, and in each and every instance we guarantee a satisfactory fit. Our 5 per cent. profit sales are now a permanent system in our establishment. It is an absolute fact that our sales of five days just past were more than double of that of the same period last year.

ELEVEN BUSINESS POINTS:
